## Red Attacks Reported As Diminishing

### U.S. Copters Take Reinforcements To Besieged Garrison

SAIGON, South Viet Nam (AP) — U.S. helicopters delivered several companies of reinforcements to the besieged garrison at Plei Me today, and the Viet Cong attacks began to diminish in size and ferocity, a U.S. military spokesman reported.

The defenders of the Special Forces camp in the central highlands reported seeing at least 90 enemy bodies. Government casualties were described as light after two days of fighting.

Farther north, in Quang Tri Province, a U.S. Army officer escaped today from the Viet Cong after being held captive for several hours, the spokesman announced.

The officer, identified as Capt. Robert F. Hopper, 29, whose wife lives at Winter Haven, Fla., was the senior adviser to a South Vietnamese battalion.

He apparently was captured when Viet Cong guerrillas hit a government outpost near the provincial capital of Quang Tri City, 140 miles north of Saigon. The enemy force penetrated an artillery position and blew up an ammunition bunker.

Details of Hopper's escape were not immediately known, but he apparently returned in good condition.

Hopper was the second American to escape from the Viet Cong within four months. Last July, Sgt. Isaac Camacho, El Paso, Tex., escaped after being held captive for 18 months.

Eight Americans were reported killed in two helicopter crashes in the Plei Me area 210 miles northeast of Saigon. The Viet Cong shot one helicopter down Wednesday. A spokesman said mechanical failure caused the second crash today, but it was not known if this aircraft was directly involved in the Plei Me action.

## *$570,396 Union Funds Reported Taken By Hoffa*

WASHINGTON (AP)—The Labor Department says Teamsters President James R. Hoffa pulled $570,396 from the union treasury to help pay for his criminal trials.

The department said Wednesday it compiled the figures from Teamster records and made no attempt to verify them.

Seymour Spelman, attorney for 16 Philadelphia union members who seek restitution of the funds, declared:

"That's only the top of the iceberg."

He said the total probably is nearer to $1 million for Hoffa's criminal cases since 1959. And he said the Teamster till may have been tapped for as much as $3 million to defend Hoffa and 47 other union officials convicted during the past five years.

The Labor Department said the $570,396 covered three criminal trials during the past three years.

The Spelman suit, expected to come to trial in Washington within the next two months, was filed in March 1964. Hoffa stopped using union money for his legal troubles shortly thereafter, although he contended its use was legal as a necessary business expense.

Associates of the union president now are trying to start a series of $100-a-plate dinners to help the Hoffa pocketbook.

The Labor Department said the money went for a 1962 kickback conspiracy case in Nashville, Tenn.; a 1964 jury tampering trial in Chattanooga, Tenn., and a 1964 Chicago trial for defrauding the Teamster pension fund.

The Nashville case ended in a mistrial, but Hoffa was later convicted of jury tampering and sentenced to eight years in prison. He was sentenced to another five years on his Cnicago fraud conviction. He also was fined $10,000 in each case.

### No Serious Damage As Rumble Centers West Of St. Louis

ST. LOUIS, Mo. (AP) — An earthquake rumbled across the Midwest Wednesday night, shaking at least eight states. No injuries or serious damage were reported.

The quake started at 9:01 p.m. and lasted for 14 minutes on the seismograph at St. Louis University. However, residents of Kansas, Missouri, Arkansas, Nebraska, Iowa, Illinois, Kentucky and Tennessee felt it only for a few seconds.

Dr. Carl Kisslinger, chairman of the geophysics department at St. Louis University, said the quake was recorded at between 4.5 and 5 on the Richter scale. **The disastrous Alaskan earthquake of 1964 hit 8.4 on the scale.**

"There's no doubt about it," said Kisslinger, "it was an *earthquake, and it was a significant earthquake for this part of the world. If the center had been under a city, there would have been a lot of damage."*

*Kisslinger said the quake centered about 260 miles west of St. Louis, near the Kansas-Missouri border. But Dr. James Peoples, of the seismograph station at the University of Kansas, said the quake occurred within a 300-mile radius of the Lawrence campus, 35 miles west of Kansas City.*

Early reports were heaviest throughout south-central and central Missouri. Some houses in that area reportedly swayed.

Apparently the quake spread from a lightly populated area outward — to Chicago, Memphis, Omaha and hundreds of other cities.

Kisslinger said the quake was significant because this type of quake — felt over such a large area and with such intensity — is not common in the Midwest. However, the wide span is characteristic of Midwestern tremors, Kisslinger said, and added that there was no reason to think more quakes might follow.

## Action Group For Hancock Votes Budget

### Public Meetings Set By Executive Board As Work Advances

A nine-month administrative budget totaling $26,780 was adopted Wednesday by the executive board of the Hancock County Community Action Council at a meeting in the county extension office at New Cumberland.

The budget replaces one drafted earlier on a six-month basis.

The new budget will be forwarded to the regional offices of the Economic Opportunity Administration by a committee comprised of Leonard Salerno, chairman; the Rev. David Stone; Oliver Johnson, and Miss Callie Tsapis, counselor.

The proposed nine - month budget provides for the following:

One program developer at a salary of $750 a month, or $6,750 for the nine-month period; one assistant program developer, $600 a month, $5,400 total; one secretary, $350 a month, $3,150 total, and two neighborhood program aides from the lower income group of $300 a month each, for a combined total of $5,400 in the nine-month period.

Additional proposed expenditures for the nine-month period include:

Fringe benefits (6 per cent of the total for personnel salaries), $1,242; consultant services, $150; legal fees, $250; financial service fees, $125; travel expenses, $760; office space rental (528 sq. ft.), $660; consumable supplies, $228; rental, lease and purchase of office equipment, $450; telephone service, $50 per month, plus $20 installation fee, for a total of $470; printing and publications, $20; utilities and janitor fee,

**Probers Produce Records**

## *Klan's Business Called Shadowy*

WASHINGTON (AP) — House investigators push ahead today with their effort to portray the Ku Klux Klan as a shadowy business with vanishing funds.

The House Committee on Un-American Activities has produced bank records, canceled checks and invoices in an attempt to prove the money is disappearing up the satin sleeves of Klan wizards and dragons.

And Chairman Edwin E. Willis, D-La., hinted broadly Wednesday that the Internal Revenue Service may become a greater bugaboo to the Klan than the civil rights movement.

Willis dropped the remark while questioning North Carolina's grand dragon, James Robert Jones, of Salisbury.

Jones proved to be a very reluctant dragon. He declined to tell the committee anything about his bank account or the sale of satin robes at $15 apiece or even to give his birthplace.

Willis warned Jones, as he had warned Imperial Wizard Robert M. Shelton a couple hours before, that he faced a possible contempt of Congress citation for refusing to turn over subpoenaed records.

But, added Willis, "I think you may be in worse trouble than a mere citation for contempt."

Shelton was the first Klan leader to cite constitutional protections in refusing to answer the committee's questions.

But once outside the hearing room and surrounded by reporters, Shelton held two quick news conferences and promised there would be more.

Although the committee gave him a tongue lashing, threatened him with contempt of Congress and told him to come back for more questioning Nov. 15, Shelton said he was sticking around to give his views on the Klan probe.

Asked if the Klan resorted to murder, Shelton said, "If that is the case they already have a law."

With half a dozen of his own "security" men around him, Shelton declared that if Klansmen were such "holy terrors" he doubted that newsmen would be clustering around him.

Whenever cameramen got near during breaks inside the hearing room, Shelton would flash a black and white lapel button with the single word "never" on it.

Asked by the committee to explain the button, Shelton refused but later he told reporters:

"It means never to the Communist conspiracy. It means never to the misfits of society who have surrounded themselves here in Washington around LBJ. It means never to LBJ. It means never to the destruction of our liberties."

Shelton said he saw the hearings as a big boost for his Klan.

"This is going to build the Klan nationwide," he said, "and it will never be broken."

## Rent Subsidy Program Gets Senate Okay

### House Conferees Expected To Try To Torpedo Plan

WASHINGTON (AP) — President Johnson's controversial rent subsidy program is still alive after a victory in the Senate. But it faces an uncertain future.

Wednesday the Senate narrowly approved funds to launch the program this year.

Today House conferees are expected to try to torpedo the program in a meeting with Senate conferees on the catch-all money bill that includes $360,000 for the first year of rent supplements.

Eventually, under terms of the bill, the government would be authorized to provide $12 million in federal grants to help low-income families pay their rents.

The House voted 185-162 last week against providing funds for the program this year. But the Senate Appropriations Committee put the money back and the Senate in two roll-call votes Wednesday went along.

A Republican-led effort to eliminate payments this year failed 45-37. Then, a Republican-led drive to cut the program in half was beaten 41-37.

The Senate then made several minor changes in the $4,867,248,103 appropriation bill, the last of the year, and passed it by voice vote.

The conference committee will try to reconcile the bill with a House version which provided $4,214,429,610. The Senate bill is larger because a number of administration requests were sent to Capitol Hill after the House Appropriations Committee ended its hearings.

Besides rent supplements, the bill provides funds to support a number of key administration programs, among them aid to higher education, highway beautification, antipoverty, regional medical centers, water and air pollution control and vocational rehabilitation.

The rent program would guarantee nonprofit organizations that rent property the difference between 25 per cent of the occupant's income and the rent of the unit.

Only families eligible for public housing could take advantage of the program. None of the subsidy payments would go to private landlords.

**In Anti-Viet Movement**

## *Marchers Seen As 'Hypocrites'*

WASHINGTON (AP) — Marine Corps Commandant Wallace M. Greene Jr. says American youths who demonstrate against the nation's Viet Nam policy are hypocrites at heart.

If they were sincere, Greene said Wednesday, they would volunteer for humanitarian programs in Southeast Asia.

"Let them prove themselves as Good Samaritans by crossing the road to lift up their brothers, to tend the sick, to feed the hungry, to clothe the naked, to shelter the homeless," he told the Defense Supply Association's national convention.

"Let them do this first, rather than pass by on the other side of the street, with a placard on their shoulder, a song on their lips and hypocrisy in their hearts."

The same day Greene issued this challenge, Students for a Democratic Society, leaders in recent student demonstrations against the war, proposed that draft-age men be given the alternative of public service — the Peace Corps, for example.

Otherwise, said Paul Booth, the group's national secretary, "We have only one choice. We do in conscience object, utterly and wholeheartedly, to this war; and we will encourage every member of our generation to object, and to file his objection through the Form 150 provided by the law for the conscientious objector."

Booth continued:

"We are fully prepared to volunteer for service to our country and to democracy.

"Let us see what happens if service to democracy is made grounds for exemption from the military service."

**Death Termed Apparent Suicide**

## Actress Marie McDonald Found Dead In Her Home

HOLLYWOOD (AP)—Actress Marie ("The Body") McDonald was found dead early today in her home.

Sheriff's deputies termed the death an apparent suicide.

Sheriff's officers said they received a call shortly before 5:30 a.m. to the actress' home in suburban Hidden Hills.

Officers said they were called by Miss McDonald's husband, Donald F. Taylor, who found the body.

Taylor, an independent film producer, was the 42-year-old actress' sixth husband.

Officers said they had no further indication of the manner of Miss McDonald's death or whether any notes were found.

Her home is on the farthest side of the sprawling San Fernando Valley north of Hollywood.

The death of the blonde, beautiful, curvaceous actress-singer ended a career that was one of Hollywood's most flamboyant—but, for all the headlines she made, least successful.

Her name was not often up in lights, but it went up in type in January of 1957 when she disappeared from her Encino home.

She turned up 24 hours later about 100 miles away in Indio, when a truck driver found her on the desert.

During the lengthy investigations that followed she said she had been kidnaped from her home Jan. 4 by two men who spirited her away and then dumped her.

A kidnap note found in the actress' mail box was made of words clipped from newspapers. Both newspapers were found in Miss McDonald's fireplace.

A grand jury ultimately listened to her story but declined to act, and the case gradually evaporated from lack of evidence.

## *Morrissey's Bid Returned To Committee*

WASHINGTON (AP) — Sen. Edward M. Kennedy, D-Mass., in an emotional speech to the Senate, asked today that Francis X. Morrissey's nomination for a judgeship be sent back to the Judiciary Committee.

The nomination then was sent back to the committee. This appeared to kill the nomination for this session of Congress but President Johnson could resubmit it at the next session in January.

Kennedy made his surprise request shortly after the controversial nomination was called up for action in the Senate.

Appearing near tears and his voice breaking at one point, Kennedy said "I am satisfied that a full and complete record, made with care and deliberation, will uphold my judgment (of Morrissey) to the satisfaction of any fair-minded man."

Kennedy is the chief sponsor of the nomination of Morrissey, an old friend and political associate of his family.

Just before calling the nomination up for action, Democratic Leader Mike Mansfield of Montana told newsmen, "It looks close to me."

He said the outcome might hinge on the number of absentees.

**Will Dedicate JFK Memorial**

## Sen. Kennedy Will Speak At Weirton Event Nov. 4

WEIRTON — Sen. Robert F. Kennedy of New York will visit Weirton Thursday, Nov. 4, to dedicate a memorial to his brother, the late President John F. Kennedy.

Kennedy will speak at ceremonies at 12:15 p. m. in the lobby of the Community Center, where the memorial, a bronze bust, will be located. He will be accompanied from Washington and introduced at the meeting by Sen. Jennings Randolph of West Virginia.

Edward A. Zagula, Weirton attorney and chairman of the Kennedy Memorial Fund, will preside at the meeting, which is open to the public. Gov. Hulett C. Smith, Sen. Robert C. Byrd and Congressman Arch A. Moore have been invited and the Weir High School Band has been asked to appear.

The memorial is a 32 - inch bronze bust of the late president by Bernard Zuckerman of Carrara, Italy. It will sit on a 54-inch granite base. The money for the memorial was raised locally in a fund drive conducted in the community last year.

The dedication ceremonies, including Kennedy's remarks, will last about 45 minutes. To accommodate as many persons as possible, there will be no chairs in the Community Center lobby. A free souvenir program will be distributed to those attending.

## 50 'No Parking' Signs To Go Up On St. Clair

Fifty signs reading "No Parking At Any Time" have been delivered to City Hall for use along the east side of the widened stretch of St. Clair Ave., Safety - Service Director Robert E. Vodrey said today.

The signs are built to standards specified by the State Highway Department. They include a double - headed arrow below the text, indicating that the parking ban applies the entire length of the stretch.

The ban was specified by the Federal Bureau of Public Roads, which furnished 50 per cent of the money for the St. Clair improvement. A parking ban also is scheduled to be decreed on the west side during the morning and afternoon rush hours.

The prize is worth 282,000 kroner (about $55,000) this year.

## Young Ohio Gunman Nabbed After Holdup

MEDINA, Ohio (AP) — A youthful gunman was captured today shortly after he allegedly held up the Plaza Shopping Center branch of the Old Phoenix National Bank, the Medina sheriff's department said.

A youth about 19, used a sawed-off shotgun to force bank employes to turn over about $9,600 in cash. Deputies reported he was captured at River Styx, on Ohio 57 about 10 miles southeast of here, after being wounded by a state highway patrolman.

## Amishman Beats Own Applepicking Record

LISBON — An employe of a Unity Township apple orchard has bested his own record for number of bushels picked during a single working day.

Mose J. Byler, an Amishman employed at the Peace Valley Orchard located midway between East Palestine and New Waterford, Wednesday picked 273 bushels of apples, surpassing his 1962 record of 243 bushels.

Byler's working day is from 8 a.m. until dark.

"It's an unusual way to celebrate National Apple Week," Robert Lewis, county extension agent in 4-H, commented in reference to the accomplishment. Dan Simmons is owner of the orchard.

## Young Ohio Gunman Nabbed After Holdup

MEDINA, Ohio (AP) — A youthful gunman was captured today shortly after he allegedly held up the Plaza Shopping Center branch of the Old Phoenix National Bank, the Medina sheriff's department said.

A youth about 19, used a sawed-off shotgun to force bank employes to turn over about $9,600 in cash. Deputies reported he was captured at River Styx, on Ohio 57 about 10 miles southeast of here, after being wounded by a state highway patrolman.

## *Morrissey's Bid Returned To Committee*

WASHINGTON (AP) — Sen. Edward M. Kennedy, D-Mass., in an emotional speech to the Senate, asked today that Francis X. Morrissey's nomination for a judgeship be sent back to the Judiciary Committee.

The nomination then was sent back to the committee. This appeared to kill the nomination for this session of Congress but President Johnson could resubmit it at the next session in January.

Kennedy made his surprise request shortly after the controversial nomination was called up for action in the Senate.

Appearing near tears and his voice breaking at one point, Kennedy said "I am satisfied that a full and complete record, made with care and deliberation, will uphold my judgment (of Morrissey) to the satisfaction of any fair-minded man."

Kennedy is the chief sponsor of the nomination of Morrissey, an old friend and political associate of his family.

Just before calling the nomination up for action, Democratic Leader Mike Mansfield of Montana told newsmen, "It looks close to me."

He said the outcome might hinge on the number of absentees.

## *Marchers Seen As 'Hypocrites'*

WASHINGTON (AP) — Marine Corps Commandant Wallace M. Greene Jr. says American youths who demonstrate against the nation's Viet Nam policy are hypocrites at heart.

If they were sincere, Greene said Wednesday, they would volunteer for humanitarian programs in Southeast Asia.

"Let them prove themselves as Good Samaritans by crossing the road to lift up their brothers, to tend the sick, to feed the hungry, to clothe the naked, to shelter the homeless," he told the Defense Supply Association's national convention.

"Let them do this first, rather than pass by on the other side of the street, with a placard on their shoulder, a song on their lips and hypocrisy in their hearts."

The same day Greene issued this challenge, Students for a Democratic Society, leaders in recent student demonstrations against the war, proposed that draft-age men be given the alternative of public service — the Peace Corps, for example.

Otherwise, said Paul Booth, the group's national secretary, "We have only one choice. We do in conscience object, utterly and wholeheartedly, to this war; and we will encourage every member of our generation to object, and to file his objection through the Form 150 provided by the law for the conscientious objector."

Booth continued:

"We are fully prepared to volunteer for service to our country and to democracy.

"Let us see what happens if service to democracy is made grounds for exemption from the military service."

## Sen. Kennedy Will Speak At Weirton Event Nov. 4

WEIRTON — Sen. Robert F. Kennedy of New York will visit Weirton Thursday, Nov. 4, to dedicate a memorial to his brother, the late President John F. Kennedy.

Kennedy will speak at ceremonies at 12:15 p. m. in the lobby of the Community Center, where the memorial, a bronze bust, will be located. He will be accompanied from Washington and introduced at the meeting by Sen. Jennings Randolph of West Virginia.

Edward A. Zagula, Weirton attorney and chairman of the Kennedy Memorial Fund, will preside at the meeting, which is open to the public. Gov. Hulett C. Smith, Sen. Robert C. Byrd and Congressman Arch A. Moore have been invited and the Weir High School Band has been asked to appear.

The memorial is a 32 - inch bronze bust of the late president by Bernard Zuckerman of Carrara, Italy. It will sit on a 54-inch granite base. The money for the memorial was raised locally in a fund drive conducted in the community last year.

The dedication ceremonies, including Kennedy's remarks, will last about 45 minutes. To accommodate as many persons as possible, there will be no chairs in the Community Center lobby. A free souvenir program will be distributed to those attending.

## 50 'No Parking' Signs To Go Up On St. Clair

Fifty signs reading "No Parking At Any Time" have been delivered to City Hall for use along the east side of the widened stretch of St. Clair Ave., Safety - Service Director Robert E. Vodrey said today.

The signs are built to standards specified by the State Highway Department. They include a double - headed arrow below the text, indicating that the parking ban applies the entire length of the stretch.

The ban was specified by the Federal Bureau of Public Roads, which furnished 50 per cent of the money for the St. Clair improvement. A parking ban also is scheduled to be decreed on the west side during the morning and afternoon rush hours.

**Amishman Beats Own Applepicking Record**

LISBON — An employe of a Unity Township apple orchard has bested his own record for number of bushels picked during a single working day.

Mose J. Byler, an Amishman employed at the Peace Valley Orchard located midway between East Palestine and New Waterford, Wednesday picked 273 bushels of apples, surpassing his 1962 record of 243 bushels.

Byler's working day is from 8 a.m. until dark.

"It's an unusual way to celebrate National Apple Week," Robert Lewis, county extension agent in 4-H, commented in reference to the accomplishment. Dan Simmons is owner of the orchard.

# Bettis Delivers Warning On Illegal School Groups

LISBON — County Prosecutor J. Warren Bettis, in a statement approved by Juvenile Judge Louis Tobin, has warned against the organization or operation of school fraternities, sororities or other groups without proper adult supervision or sponsorship by a qualified parent organization.

Both men said it has been called to their attention that there are certain clubs in Columbiana County in direct violation of the Ohio Code which reads:

"No pupil in a public school shall organize, join or belong to a fraternity, sorority or other like society composed or made up of pupils of the public schools."

The prosecutor said there is some question as to what constitutes a fraternity, sorority or other like society.

"It is our opinion that clubs which are sponsored, approved or organized by the school—such as Key Clubs, Hi-Y, Hi-Tri, Latin Club and other such organizations—are not in violation of the statute.

"Also, youth clubs sponsored by a recommended and responsible organization such as the Knights of Columbus, Masons, Kiwanis, Rotary, Lions, Ruritans, Grant, Moose, Eagles, American Legion, VFW or similar organizations, where the parent group takes responsibility for these clubs and where there is adult supervision, such clubs do not come within the spirit of the meaning of the code section.

"The basic purpose of the code section is that students should not take it upon themselves to form societies of the type forbidden by the law. Lack of proper adult supervision and sponsorship can and often does lead to practices injurious to the health and even morals of youth.

"Where there is adult supervision and sponsorship, 'Wiser heads will often prevail.'

"Any high school or junior high school club operating contrary to the statute is illegal, and anyone organizing or belonging to such an illegal organization is committing a crime."

Bettis declared, "It is the duty of my office to prosecute all such offenders."

## Hearings Due Nov. 4 For 20 Tax Charges

Municipal Judge Samuel M. Chertoff today set hearings Nov. 4 at 9 a. m. for 20 persons named in affidavits filed Wednesday afternoon by Tax Commissioner D. G. Wilkinson, alleging violations of the city income tax ordinance.

A summons will be served on each of the defendants, notifying them of the hearing date. The court makes it a practice not to release the names of the defendants until the papers have been served.

Some of the defendants are charged with failure to file final returns on 1964 income and others are accused of failure to present estimates on 1965 earnings. A few are accused of both violations.

# 'Open House' Set Tuesday

A public open house at the Wellsville High School will be held Tuesday night, starting at 7:30, William Menough, high school principal, announced today.

Menough said the visitation has been scheduled as part of the campaign supporting a proposed $860,000 bond issue which would be used for a $1,193,000 building project.

Menough and Donald Lowe, assistant superintendent, will guide visitors through the school.

# Hints *from* Heloise

— By Heloise Cruse —

Dear Heloise: Have you ever suggested in your column to cut buttonholes with a razor blade, over a cake of soap?

JEAN JORDEN.

-:-

**DEAR JEAN: I've never suggested it because I had never heard of it, but it's a lulu of an idea!**

**There would be less danger of cutting too far, as the material wouldn't slip as readily on a bar of soap as it would on a hard object, and the bar would be large enough to make handling easier.**

**Thanks trillions!**

**HELOISE.**

DEAR HELOISE: I save empty three-course TV dinner trays. I have one in my dressing table drawer, in the work shop, etc., to hold odds and ends.

Prevents lots of clutter!

BEVERLY ROME.

DEAR HELOISE: I've been reading all those hints sent in about what to use between the pot and the lid to let the steam escape.

Toothpicks fall into the food; clothespins have to be clean and new; hair clips get too hot to handle, etc.

I cut a strip of aluminum foil about four inches wide and eight inches long, twisting it (like a rope) and bending it in the middle so that half will go down into the pan, and the other half hanging down over the outside.

The foil can be rinsed and used again and again.

ANNIE.

**LETTER OF LAUGHTER**

DEAR HELOISE: Everybody writes in and tells you tips they use for dishes, housework, etc.

Well . . . .

Here's one my mother uses for dishes:

ME!.!.!

LOVING DAUGHTER.

DEAR HELOISE: Do your boys have an old pair of blue jeans that are still good, but faded?

Don't throw them away. They are still wearable, and can be darkened so that they will look almost like new ones.

Simply drop them in the washer with a pair of new blue jeans that you are shrinking before they are worn.

The dye will come out of the new jeans and cling to the faded ones.

Result: Two pairs of good looking jeans.

NANCY POE.

-:-

**That's a peach of a hint.**

**I'll try it with my daughter's faded jeans. Thanks, Nancy!**

**HELOISE.**

DEAR HELOISE: When parking a suitcase, I put all of my clothes into plastic bags. Since practically everything we use these days comes wrapped in such bags there usually are plenty on hand.

Several blouses may be folded and slipped into one of the smaller bags, such as sheets or curtains come in. Dresses and suits may be put into the larger ones.

The clothes will not wrinkle when packed this way, provided the weather is dry, and the clothes are not the least bit damp. I find this is much easier than using tissue paper.

M. T.

-:-

DEAR HELOISE: For a convenience in keeping letters or cards, use a three pound coffee can as a caddy to hold them.

A smaller one may be used to hold pens and pencils, and can be decorated to match the letter caddy.

VERNIECE SETZER.

## Trustees To Hold 'Open House' At Site For College

LISBON — The trustees of the proposed Columbiana County Community College have invited newspaper representatives, the county commissioners and the Ohio Board of Regents to visit a tract of land north of here donated for the college.

The group is scheduled to meet at the Midway Grange Nov. 10 at 2 p. m. to view the site contributed by Edwin Thomas and Wilbur Whan along Route 588.

Afterward, a dinner is planned at the Hotel Wick, with a question-and-answer session to follow.

## Man Held In Fatal Shooting Of Relative

CLEVELAND (AP) — James Durden, 29, is being held for questioning in connection with the fatal shooting of his mother-in-law and a 72-year-old man.

Henry Sims and Mrs. Ocie Clayton, 48, were killed Wednesday at Sims' home. She was a roomer there, police said.

Police said Durden went to the home to learn the address of his estranged wife, Sally, 25.

Mrs. Clayton was killed by five shots fired through the locked door of her bedroom, police said. Sims was shot in the yard.

## Man, 29, Electrocuted In Industrial Mishap

CLEVELAND (AP) — Richard Mayer, 29, was electrocuted Wednesday in an industrial accident.

Firemen found the lineman for the Cleveland Electric Illuminating Co. at the foot of a utility pole.

## Levy Supported At Wellsville By Student Council

The Wellsville High School Student Council Tuesday endorsed the proposed school bond issue on the Nov. 2 ballot.

Wayne Kelley, president, said, "The passage of the levy is of utmost importance to students of the high school.

"We need space which we do not have at present, and lack equipment which is part of any modern high school. The board of education does not have funds to provide these necessities.

"Passage of the bond issue would furnish the needed money for an expanded school program vital to the schools and students."

The Council unanimously endorsed the issue and representatives agreed to urge voters to support it.

In other action, the Council aired plans for homecoming Oct. 28 and a homecoming dance Oct. 29.

Committees for the year are: Homecoming, Bob Morehead, chairman, Dave Burns, Sara Paletta and Butch Weeda; recreation, Rich Whiteman, chairman, Eddie Murphy, Donald Russell, Sue Desenze and Jessica Hawk.

Assembly, Sally Paletta, chairman, Inez Lauva, Rich Hall and Everett Waite; dance, Jack Young, chairman, Charles Cross, Toby Weekley and Becky Davidson; chapel, Karen Chema, chairman, Mel Wohrley and Steve Betz, and public address, Weekley, chairman, Sue Leyda and Janet Malone.

## Way Seen To Protect Land Owners' Rights

CLEVELAND (AP) — The North American Alliance of White People says it has a way to preserve white property owners' rights under the fair housing bill.

The group, which has its national headquarters in Cleveland, will discuss the topic at a rally here Sunday.

# Hints *from* Heloise

— By Heloise Cruse —

Dear Heloise: Have you ever suggested in your column to cut buttonholes with a razor blade, over a cake of soap?

JEAN JORDEN.

-:-

**DEAR JEAN: I've never suggested it because I had never heard of it, but it's a lulu of an idea!**

**There would be less danger of cutting too far, as the material wouldn't slip as readily on a bar of soap as it would on a hard object, and the bar would be large enough to make handling easier.**

**Thanks trillions!**

**HELOISE.**

DEAR HELOISE: I save empty three-course TV dinner trays. I have one in my dressing table drawer, in the desk drawer, in the work shop, etc., to hold odds and ends.

Prevents lots of clutter!

BEVERLY ROME.

DEAR HELOISE: I've been reading all those hints sent in about what to use between the pot and the lid to let the steam escape.

Toothpicks fall into the food; clothespins have to be clean and new; hair clips get too hot to handle, etc.

I cut a strip of aluminum foil about four inches wide and eight inches long, twisting it (like a rope) and bending it in the middle so that half will go down into the pan, and the other half hanging down over the outside.

The foil can be rinsed and used again and again.

ANNIE.

**LETTER OF LAUGHTER**

DEAR HELOISE: Everybody writes in and tells you tips they use for dishes, housework, etc.

Well . . . .

Here's one my mother uses for dishes:

ME!.!.!

LOVING DAUGHTER.

DEAR HELOISE: Do your boys have an old pair of blue jeans that are still good, but faded?

Don't throw them away. They are still wearable, and can be darkened so that they will look almost like new ones.

Simply drop them in the washer with a pair of new blue jeans that you are shrinking before they are worn.

The dye will come out of the new jeans and cling to the faded ones.

Result: Two pairs of good looking jeans.

NANCY POE.

-:-

**That's a peach of a hint. I'll try it with my daughter's faded jeans. Thanks, Nancy!**

**HELOISE.**

DEAR HELOISE: When parking a suitcase, I put all of my clothes into plastic bags. Since practically everything we use these days comes wrapped in such bags there usually are plenty on hand.

Several blouses may be folded and slipped into one of the smaller bags, such as sheets or curtains come in. Dresses and suits may be put into the larger ones.

The clothes will not wrinkle when packed this way, provided the weather is dry, and the clothes are not the least bit damp. I find this is much easier than using tissue paper.

M. T.

-:-

DEAR HELOISE: For a convenience in keeping letters or cards, use a three pound coffee can as a caddy to hold them.

A smaller one may be used to hold pens and pencils, and can be decorated to match the letter caddy.

VERNIECE SETZER.

## Trustees To Hold 'Open House' At Site For College

LISBON — The trustees of the proposed Columbiana County Community College have invited newspaper representatives, the county commissioners and the Ohio Board of Regents to visit a tract of land north of here donated for the college.

The group is scheduled to meet at the Midway Grange Nov. 10 at 2 p. m. to view the site contributed by Edwin Thomas and Wilbur Whan along Route 588.

Afterward, a dinner is planned at the Hotel Wick, with a question-and-answer session to follow.

## Man Held In Fatal Shooting Of Relative

CLEVELAND (AP) — James Durden, 29, is being held for questioning in connection with the fatal shooting of his mother-in-law and a 72-year-old man.

Henry Sims and Mrs. Ocie Clayton, 48, were killed Wednesday at Sims' home. She was a roomer there, police said.

Police said Durden went to the home to learn the address of his estranged wife, Sally, 25.

Mrs. Clayton was killed by five shots fired through the locked door of her bedroom, police said. Sims was shot in the yard.

## Man, 29, Electrocuted In Industrial Mishap

CLEVELAND (AP) — Richard Mayer, 29, was electrocuted Wednesday in an industrial accident.

Firemen found the lineman for the Cleveland Electric Illuminating Co. at the foot of a utility pole.

## Levy Supported At Wellsville By Student Council

The Wellsville High School Student Council Tuesday endorsed the proposed school bond issue on the Nov. 2 ballot.

Wayne Kelley, president, said, "The passage of the levy is of utmost importance to students of the high school.

"We need space which we do not have at present, and lack equipment which is part of any modern high school. The board of education does not have funds to provide these necessities.

"Passage of the bond issue would furnish the needed money for an expanded school program vital to the schools and students."

The Council unanimously endorsed the issue and representatives agreed to urge voters to support it.

In other action, the Council aired plans for homecoming Oct. 28 and a homecoming dance Oct. 29.

Committees for the year are: Homecoming, Bob Morehead, chairman, Dave Burns, Sara Paletta and Butch Weeda; recreation, Rich Whiteman, chairman, Eddie Murphy, Donald Russell, Sue Desenze and Jessica Hawk.

Assembly, Sally Paletta, chairman, Inez Lauva, Rich Hall and Everett Waite; dance, Jack Young, chairman, Charles Cross, Toby Weekley and Becky Davidson; chapel, Karen Chema, chairman, Mel Wohrley and Steve Betz, and public address, Weekley, chairman, Sue Leyda and Janet Malone.

## Way Seen To Protect Land Owners' Rights

CLEVELAND (AP) — The North American Alliance of White People says it has a way to preserve white property owners' rights under the fair housing bill.

The group, which has its national headquarters in Cleveland, will discuss the topic at a rally here Sunday.

## Purpose Of The KKK Inquiry

It has been reported there are 200 witnesses lined up to give testimony to the House un-American Activities Committee in its Ku Klux Klan investigation.

All persons intending to follow the investigation should hold in mind that only one legitimate purpose is served by a congressional investigation. Too many investigations have been conducted out of sight and out of touch with this purpose.

Congress is empowered to investigate only for the purpose of obtaining information to help it legislate. It is not empowered to snoop. It is not empowered to pry. It is not empowered to carry on character assassinations or impugn guilt by association.

Resurgence of the Klan in its various organizational forms is a national problem.

Klan members have made themselves conspicous in crimes of violence in the South. Klan spokesmen have tried to stir up interest in the terrorist potentialities of their organization in the North.

KKK activities are clearly interstate in character.

Congress has responsibility.

The possibility of money mismanagement like the kind that disgraced the Klan in its previous resurgence in the '20s is plainly a problem for federal law. It would be an interstate conspiracy to defraud.

Investigating the KKK is properly a congressional matter; there may need to be laws passed to protect the public.

In the process of carrying on the investigation it is entirely likely Congress will let some of the witnesses do irreparable injury to themselves and the movement by appearing in public. The so-called "imperial wizard" of the nation's largest outfit, Robert Shelton, got off to a good start in character suicide by refusing to answer more than 70 times in his first appearance as a witness.

He said answers might incriminate him.

What refusal to answer did to him shouldn't happen to a wizard, let alone an imperial wizard.

### Top Of The List

Mike Turk's generous offer to donate land in the Swaney Airport area has cast a new light on the search for a suitable site for establishment of a Columbiana County Airport.

It cannot rightly be overlooked by those who will make the final decision. The saving that it represents in the land acquisition phase of the program would be substantial and construction at the Swaney site, since it already is in use, would eliminate some of the other obstacles faced at the beginning when plunging into such an enterprise.

Mr. Turk's action can't help but put the Swaney location at the top of the list among those being studied.

Mayor George E. Willshaw expressed it well when he called the offer "an unselfish civic gesture."

## Viewed From Trafalgar Square

J. Anthony Kershaw, MP, and a British delegate to a North Atlantic Treaty Organization conference in New York City, gave a Cleveland audience the benefit of some historic perspective on intervention Tuesday.

He recalled that his government in times past had intervened here, there and elsewhere over the span of many lifetimes. Once it had seized a bear by the tail, it may have wanted to let go but didn't know how and sometimes had to hang on for generations.

This was called "maintaining the balance of power" and Britain was famous for it. Foreign policy, in Mr. Kershaw's view from Trafalgar Square, is a matter of national self-interest.

British foreign policy these days is preoccupied with shifting responsibility to the United States.

A nation does what it thinks it has to do to preserve itself. If Germany became too strong again, Britain would ally itself with the Soviet Union. Or, though Mr. Kershaw didn't say it, if the Soviet Union became too strong, it would be the part of wisdom for the United States to line up with Germany and Japan, its former enemies. It already has done this. National self-interest.

Viet Nam? Mr. Kershaw estimates the United States may stay there for a quarter of a century. More national self-interest.

He didn't say this, either, but the United States had been in South Korea 20 years last Sept. 8, with no prospect of ever getting out.

That is the long-range prospect in Viet Nam, too.

The United States does not intend to be driven out. But if it carries out its intention and stays, it will not be able to pull out in the foreseeable future. The British know about these things.

Before the United States became involved in power-balancing, Great Britain accepted responsibility for balancing it in every corner of the earth—so many quarters it used to be said, "The sun never sets on the British Empire."

In the amended version, "The sun never sets on U.S. commitments to keep Communists at bay."

### Stop And Go

Will the flow of Cuban refugees to the United States be stopped by Castro?

The most predictable thing about absolutism in Cuba or anywhere else is that it will be guided by expediency, not principle.

It was predictable that if the Castro regime told Cubans they could join their families in the United States it would go back on its word eventually.

This is the pattern of the kind of thinking that is in the ascendancy in all absolutist governments, whether they are called Communist, Fascist, Nazi, or run-of-mine dictatorships.

The official mind can be changed as often as the high official's underwear, if that is what the high official wants to do. What the great man giveth, the great man can taketh away.

Castro, noted for his mercurial thinking, tireless talking and wide-ranging whimsicality, could not be counted on to stand firm on Cuban emigration to the United States.

If, for any reason, it crossed his mind to change his position for any reason whatsoever, he has the absolutist authority to do it. This is the badge of the dictatorial trade, the thing that distinguishes it from all forms of limited political power that make administrative authority answerable to something more reliable than personal impulse.

### A New 'A-Peel'

We hope Council loses little time enacting legislation that can be used against motorists who "peel," as recommended by Safety-Service Director Vodrey and Police Chief Radeschi.

While legislation cannot be expected to eliminate "peeling," the proposed ordinance which calls for a fine and a jail term if felt necessary could serve as a sound base for curtailment of the practice.

If the ordinance is placed on the books and examples are made of the first apprehended "peelers" who fall under its provisions, it would be certain to drive others to cover.

With a fine and jail staring him in the face, a "peeler" would think twice before going into his idiotic act.

"Peeling" is another of those senseless things which we very well can do without.

### Pleasing Interlude

The songs have ended, but the good will lingers on.

We're speaking again of the thoughtful gesture of the East Liverpool High School band in having the musicians of Newton Falls as their guests when the two schools met recently on the football field.

Expressions of "thanks" — official and unofficial — already have been received. Now, the mail has brought another letter of appreciation, this time from the Crescendo Club, comprised of band parents of Newton Falls. It's brief, but expressive.

"We wish to thank you, the parents, the band of East Liverpool, the teachers and all who made it possible for the Newton Falls Tiger Band to enjoy themselves so very much in your vicinity."

A pleasing and welcome interlude at a time when good will seems to be harder and harder to come by in many directions.

## Hard Up For Kicks

By Truman Twill

Some of us aging citizens take pride in trying to keep up with the times.

We do not look with disapproval on anything the rising generation does, remembering how it used to bug us to be disapproved of when we were the younger generation.

Generally speaking, we gear our attitude to the flexible doctrine that you're only young once so make the most of it.

But darned if glue-sniffing doesn't bring us up short.

We cannot bring our tolerance to bear on this particular inanity of the rising generation.

There has to be a limit somewhere, and this is it.

The idea of otherwise rational young people smelling some spooky substance in glue that causes them to go berserk and destroy the health of their bodies is too nutsy to be thought about rationally.

Even nutsier is the thought that glue containing this stuff is permitted to be offered for sale and bought by people interested only in the stuff it contains, not in the glue.

If a sharpie figured out a way to put opium into axle grease, would public authority wink at that?

Public authority has cracked down on sharpies putting booze into candy. It has been tough about sharpies selling patent medicine laced with alkyl and narcotics.

You get the evil eye if you buy a bottle of paregoric for a belly ache. But it is still all right for manufacturers of certain types of glue to market a product being used by addle-brained kids to release their most dangerous inhibitions. Who's crazy?

It makes us senior citizens wonder if we knew how lucky we were to have gone through adolescence in an era when the wildest thing we could do was sneak a snort out of a hip flask and top off the feast of forbidden fruit with a drag on a ciggie.

Sniff glue?

We were crazy enough to try anything, they used to say — but not that crazy.

We did the Charleston, the Big Apple and other contortions that couldn't sprain a clavicle compared with the setting up and lying down exercises now in vogue.

We drove rattletrap autos at high speeds on low-speed roads — sometimes hitting better than 60, but not for long.

Females shortened their skirts and bobbed their hair. Boys who could afford them wore funny-looking fur coats. Everybody said we were going to hell and some of us got there quicker than others.

But by all that's out of this sane world, we didn't sniff glue.

That does it. That tears it along the dotted line.

We disapprove. We oldsters can see no hope in sight for kids so hard up for kicks they must sniff glue to get 'em. Next thing the darned fools will be eating poison mushrooms, except they're already doing that, too.

### *Work To Be Done*

## 'A Dirty War,' Some Labor Chiefs Say

By Victor Riesel

NEW YORK — Slowly, but with certainty, as though they had long been awaiting the strategic moment, a handful of influential labor leaders are striding out of their philosophical retreats, charging that the U.S. is fighting "a dirty war" in South Viet Nam.

Victor Riesel

Amid their vocal volleys can be heard the re-echoing of propaganda that asserts the U. S. is fighting "another white man's war against colored people."

Steadily, the outspoken leaders of scores of thousands of unionists are waving a bloc of laborities into a skilled phalanx for an attack on AFL-CIO President George Meany and his efforts to bolster the fighting forces in Southeast Asia.

Some of the labor men actually call for cooperation or negotiations with the Viet Cong's National Liberation Front.

Some of these labor leaders, and hundreds of their followers, were in the commingled Fifth Ave. peace parade here last Saturday. There is not doubt of this.

**FOR HOURS I COVERED** every inch of the four blocks between 95th St. and 92nd St. running from Fifth Ave. to Madison Ave. Then I marched and remarched the full parade route.

On 94th St. there were contingents of the union which is organizing hospitals and drugstores — Local 1199. It was led by a stalwart militant, Moe Foner. With him, he told me later, were 150 of his union's activists. Foner is executive secretary of the union.

Ahead of them in the parade were the District 65 marchers. Their leaders, Dave Livingston, now suffering from a hip ailment, was not with them. It is he who is charging the U.S. with fighting a dirty war.

It is his dynamic union which has in it the leaders of the Peace Action Committee (PAC). District 65 is the ideological core of left-wing labor today. It is the largest section of the retail, wholesale national union whose president, Max Greenberg, has been battling District 65's anti-Viet Nam policies.

Ahead of these contingents in the peace parade — the size of which has been padded in some reports like a Parisian dinner check—were some strange elements. There was, for example, a Committee to Aid the National Liberation Front whose troops now are battling American soldiers.

There were very many older folk — neatly dressed, well-disciplined, and easily formed into lines of eight — as in the old Communist May Day Parades. There were, indeed, many of the old, orthodox Communist milieu. Among them were writers and editors of the old Daily Worker — now the Worker.

There is positively no doubt they filled out the line. They helped the younger people and bolstered their enthusiasm.

It must be said that there were sincere pacifists, and young college men who shrink from the thought of war. They were well-dressed. There were no beards. There were no kooks.

**BUT THEY STRODE** behind grim hearses, a mangled American flag which had the stars removed and replaced with replicas of bombs, and hacked-up dolls simulating injured children.

There were the self-avowed revolutionists of the Progressive Labor Party and the now older revolutionists of yesteryear — the Trotsyites. By the thousands they handed out their costly "working class" literature. But the chap who had the formula for beating the draft sold his wares for a dime.

Local 1199's Mr. Foner told me later ". . . we were not there as a union. It was all very loose; I don't know who was in front. We were marching with trade unionists. We believe in a cease fire, stop the bombing and get together and end this thing . . ."

Foner's attitude is parallel to other such activists in the West Coast longshoremen's union, which goes in for passing resolutions and "peace" talks at stop work meetings: in the United Electrical Workers, in the Mine, Mill and Smelter Workers — in 22 big union blocs in all.

They look forward, most of them, to a national peace conference called by these unions to whom America's commitment in South Viet Nam is a dirty war.

## Government Faces A Real Challenge

By Henry Taylor

As the rent subsidy bill approached a close vote last July, President Johnson reportedly telephoned no less than 30 congressmen—"White House calling"—on that single day. It passed.

On Oct. 12, the House voted to refuse all funds for the program and cinched this by a second vote two days later.

The timing is important. Only a week earlier, the House had rejected the President's home-rule bill for Washington, D.C. The Senate blocked Mr. Johnson's lunge to eliminate right-to-work laws in the states.

White House aide Lawrence F. O'Brien unblushingly stated this spring: "The suggestion that you trade the bridge or the dam or some project for a congressional vote—well, it's just not the case."

Many observers question whether a more dubious statement has ever been made in the history of Washington politics, and there have been several. In any event, something has gone off the rails.

**THE FUNDAMENTAL** difference between the Kennedy and Johnson administrations is that in domestic results the martyred president left the country largely as he found it.

Partisanship sees its characters in black and white. But this is never a correct appraisal and will not be history's appraisal of Mr. Kennedy.

His tenure was so fleeting and his words and acts so often contradictory that the most history can judge is whether Mr. Kennedy was a president of promise or an unpromising president. This is the tragic irony in so many monuments to Mr. Kennedy erected so early.

He was liked by Congress but he never deeply impressed Congress when in the House and Senate and was distinctly a junior figure. In the White House, his speeches registered at the public level, but nothing of importance that he proposed domestically ever was enacted into law.

Mr. Johnson succeeded in passing much of Mr. Kennedy's legislation where Mr. Kennedy had failed and passed a great deal more of his own but this cannot be honestly explained by condemning Mr. Johnson's pressure techniques.

Attorney General Robert F. Kennedy's activities are undeniable, and there was equivalent widespread criticism that the pressure techniques of the late President and his White House group were almost Mafia-like. Many regard these as especially dangerous forays into the jungles of anti-democratic behaviorism—the same criticism now made of Mr. Johnson.

But if something has gone off the rails recently, it is all to the good. A rubber-stamp Congress is not representative government and that's what we've had as the pendulum swung from all "nos" under President Kennedy to all "yeas" under his successor.

We see a loss of restraint in our government. Who is left in government to argue effectively with a president?

**THE CHALLENGE** is to the entire structure of our government, its entire system of checks and balances, not just the challenge to the two-party system or a preference for one party or the other.

The Presidency is becoming more and more a party of itself, autonomous, often even anonymous in its self-sufficiency—as is De Galle's presidency in France under his rubber-stamp parliament. That Lyndon Johnson and Charles de Gaulle had similar-sized mandates is not pertinent.

It's high time somebody reminded our representatives they're not sitting in their new $122 million building to throw away their responsibilities and independence.

The recent change is attributable to the newly revived coalition of Republicans and Southern Democrats. This is, in effect, the two-party system through the back door.

But with the low—ineffectively low—number of Republicans available in opposition, only some kind of a coalition can create any kind of balance—and any kind of restraint—at all.

Instead of condemning the restraints and presidential defeats on an interparty basis, we should applaud them. A president may be defeated on the wrong issues, but if he cannot be defeated on any issues, if the hard word "No" is never heard, who needs to be told the rest of the story?

## The Red Line

By David Lawrence

### Americans Aren't Getting Facts

The American people are not as yet thoroughly informed on what the Soviet government is doing inside the United States to help stir up all kinds of friction and give to the world an impression of popular discontent and unrest in America.

J. Edgar Hoover, director of the FBI, minces no words in his annual report, just issued.

He says that, although the Communist party of the United States "loudly proclaims its independence of foreign control," its every action shows clearly it "owes allegiance only to the Soviet Union and is absolutely committed to the world Communist movement."

Yet the Communist party is permitted as much freedom as the Republican party or the Democratic party. The illusion prevails that it is just another political organization entitled to the same rights as other political groups.

This means that adopting the form of a political party can be an effective barrier against interference by the federal government, which is charged by law with prosecution of espionage as well as treason.

Mr. Hoover declares the Communist party's traditional opposition to any phase of American foreign policy which serves to impede international communism has "reached new levels of invective with all-out attacks on this country's commitments in Viet Nam and the Dominican Republic."

He says the party has denounced U.S. action in South Viet Nam as "brutal" and "barbarous," and that the party furthermore has instructed its members to cooperate with all protest groups in order to intensify these activities and weaken the American government's position.

**THE PARTY** is making a concerted effort to exploit to its advantage the various demonstrations against American involvement in Viet Nam and the Dominican Republic.

"The Communists have been much encouraged by the current wave of social unrest in the United States. They view this situation as the development of a climate favorable to their operations and are constantly probing to exploit areas of discord. It is a rare civil rights activity, whether it be a voters' registration drive, a demonstration, march or picket, that does not attract Communists to some degree.

"A striking example of this was seen in the riots which erupted in the Harlem area of New York City in July 1964. The Progressive Labor Movement — since renamed the Progressive Labor party — a dissident and highly militant splinter group of the Communist party USA, was involved in prolonging these demonstrations by deliberate incitement of the rioters."

The FBI director makes it clear many civil-rights organizations operate on a legitimate basis and have been successful in excluding Communists but says the Communist party is nevertheless continuously striving to infiltrate civil-rights movements at every level. He declares:

"The 1964-1965 school year was a busy time for Communist leaders in all areas of the country as the party intensified its efforts to attract young people through public appearances on college and university campuses. Party leaders, encouraged by earlier successes, spoke to more than 37,000 students in 56 appearances during this period. This concentration on college campuses was aimed at gaining acceptance for the party as a legitimate political activity, creating an aura of respectability and understanding for the party and spreading Communist propaganda. Communist party leaders also appeared as guests on numerous radio and television programs."

**IT WOULD APPEAR** the American people are not getting all of the truth and will not until congressional committees carry on intensive inquiries and make public their findings.

There have even been repeated efforts either to abolish the House Committee on un-American Activities or to limit the scope of its investigations.

Unless there is exposure, the people can hardly get the facts, because many of the individuals concerned with various public demonstrations have succeeded in covering up their true affiliation with the Communist government.

## Through The Years

**THIRTY YEARS AGO** — The Beaver rural ditrict prepared to launch a campaign on behalf of an $88,000 bond issue to be submitted to the voters Nov. 5 for construction of a $160,000 high school with assistance from the Public Works Administration.

Wallace Beery and Jackie Cooper were starring in "Shaughnessey's Boy" which was attracting local theatergoers.

**TWENTY YEARS AGO** — Miss Helen Wise of Hanoverton and Clifford Frazier of Glasgow, Wellsville, represented Columbiana County and the district in "healthiest girl and boy" competition for 4-H members on a statewide basis.

Local and district husbands were muttering that it pays to be careful as they read where a wife-beater in Maryland had been given 10 lashes with a whip by a member of the sheriff's office.

**TEN YEARS AGO** — Accomplishments in Israel through Hadassah funds and the need for additional money for its varied fields of activities were emphasized during the pledge luncheon of the East Liverpool chapter at the Country Club.

Fifty parents heard Supt. Ralph H. Jewell discuss "Jointures and Merging of Schools" during a joint meeting of Midland's parent - teacher organizations.

## Purpose Of The KKK Inquiry

It has been reported there are 200 witnesses lined up to give testimony to the House un-American Activities Committee in its Ku Klux Klan investigation.

All persons intending to follow the investigation should hold in mind that only one legitimate purpose is served by a congressional investigation. Too many investigations have been conducted out of sight and out of touch with this purpose.

Congress is empowered to investigate only for the purpose of obtaining information to help it legislate. It is not empowered to snoop. It is not empowered to pry. It is not empowered to carry on character assassinations or impugn guilt by association.

Resurgence of the Klan in its various organizational forms is a national problem.

Klan members have made themselves conspicous in crimes of violence in the South. Klan spokesmen have tried to stir up interest in the terrorist potentialities of their organization in the North.

KKK activities are clearly interstate in character.

Congress has responsibility.

The possibility of money mismanagement like the kind that disgraced the Klan in its previous resurgence in the '20s is plainly a problem for federal law. It would be an interstate conspiracy to defraud.

Investigating the KKK is properly a congressional matter; there may need to be laws passed to protect the public.

In the process of carrying on the investigation it is entirely likely Congress will let some of the witnesses do irreparable injury to themselves and the movement by appearing in public. The so-called "imperial wizard" of the nation's largest outfit, Robert Shelton, got off to a good start in character suicide by refusing to answer more than 70 times in his first appearance as a witness.

He said answers might incriminate him.

What refusal to answer did to him shouldn't happen to a wizard, let alone an imperial wizard.

### Top Of The List

Mike Turk's generous offer to donate land in the Swaney Airport area has cast a new light on the search for a suitable site for establishment of a Columbiana County Airport.

It cannot rightly be overlooked by those who will make the final decision. The saving that it represents in the land acquisition phase of the program would be substantial and construction at the Swaney site, since it already is in use, would eliminate some of the other obstacles faced at the beginning when plunging into such an enterprise.

Mr. Turk's action can't help but put the Swaney location at the top of the list among those being studied.

Mayor George E. Willshaw expressed it well when he called the offer "an unselfish civic gesture."

## Viewed From Trafalgar Square

J. Anthony Kershaw, MP, and a British delegate to a North Atlantic Treaty Organization conference in New York City, gave a Cleveland audience the benefit of some historic perspective on intervention Tuesday.

He recalled that his government in times past had intervened here, there and elsewhere over the span of many lifetimes. Once it had seized a bear by the tail, it may have wanted to let go but didn't know how and sometimes had to hang on for generations.

This was called "maintaining the balance of power" and Britain was famous for it. Foreign policy, in Mr. Kershaw's view from Trafalgar Square, is a matter of national self-interest.

British foreign policy these days is preoccupied with shifting responsibility to the United States.

A nation does what it thinks it has to do to preserve itself. If Germany became too strong again, Britain would ally itself with the Soviet Union. Or, though Mr. Kershaw didn't say it, if the Soviet Union became too strong, it would be the part of wisdom for the United States to line up with Germany and Japan, its former enemies. It already has done this. National self-interest.

Viet Nam? Mr. Kershaw estimates the United States may stay there for a quarter of a century. More national self-interest.

He didn't say this, either, but the United States had been in South Korea 20 years last Sept. 8, with no prospect of ever getting out.

That is the long-range prospect in Viet Nam, too.

The United States does not intend to be driven out. But if it carries out its intention and stays, it will not be able to pull out in the foreseeable future. The British know about these things.

Before the United States became involved in power-balancing, Great Britain accepted responsibility for balancing it in every corner of the earth—so many quarters it used to be said, "The sun never sets on the British Empire."

In the amended version, "The sun never sets on U.S. commitments to keep Communists at bay."

### Stop And Go

Will the flow of Cuban refugees to the United States be stopped by Castro?

The most predictable thing about absolutism in Cuba or anywhere else is that it will be guided by expediency, not principle.

It was predictable that if the Castro regime told Cubans they could join their families in the United States it would go back on its word eventually.

This is the pattern of the kind of thinking that is in the ascendancy in all absolutist governments, whether they are called Communist, Fascist, Nazi, or run-of-mine dictatorships.

The official mind can be changed as often as the high official's underwear, if that is what the high official wants to do. What the great man giveth, the great man can taketh away.

Castro, noted for his mercurial thinking, tireless talking and wide-ranging whimsicality, could not be counted on to stand firm on Cuban emigration to the United States.

If, for any reason, it crossed his mind to change his position for any reason whatsoever, he has the absolutist authority to do it. This is the badge of the dictatorial trade, the thing that distinguishes it from all forms of limited political power that make administrative authority answerable to something more reliable than personal impulse.

### A New 'A-Peel'

We hope Council loses little time enacting legislation that can be used against motorists who "peel," as recommended by Safety-Service Director Vodrey and Police Chief Radeschi.

While legislation cannot be expected to eliminate "peeling," the proposed ordinance which calls for a fine and a jail term if felt necessary could serve as a sound base for curtailment of the practice.

If the ordinance is placed on the books and examples are made of the first apprehended "peelers" who fall under its provisions, it would be certain to drive others to cover.

With a fine and jail staring him in the face, a "peeler" would think twice before going into his idiotic act.

"Peeling" is another of those senseless things which we very well can do without.

### Pleasing Interlude

The songs have ended, but the good will lingers on.

We're speaking again of the thoughtful gesture of the East Liverpool High School band in having the musicians of Newton Falls as their guests when the two schools met recently on the football field.

Expressions of "thanks" — official and unofficial — already have been received. Now, the mail has brought another letter of appreciation, this time from the Crescendo Club, comprised of band parents of Newton Falls. It's brief, but expressive.

"We wish to thank you, the parents, the band of East Liverpool, the teachers and all who made it possible for the Newton Falls Tiger Band to enjoy themselves so very much in your vicinity."

A pleasing and welcome interlude at a time when good will seems to be harder and harder to come by in many directions.

## Hard Up For Kicks

By Truman Twill

Some of us aging citizens take pride in trying to keep up with the times.

We do not look with disapproval on anything the rising generation does, remembering how it used to bug us to be disapproved of when we were the younger generation.

Generally speaking, we gear our attitude to the flexible doctrine that you're only young once so make the most of it.

But darned if glue-sniffing doesn't bring us up short.

We cannot bring our tolerance to bear on this particular inanity of the rising generation.

There has to be a limit somewhere, and this is it.

The idea of otherwise rational young people smelling some spooky substance in glue that causes them to go berserk and destroy the health of their bodies is too nutsy to be thought about rationally.

Even nutsier is the thought that glue containing this stuff is permitted to be offered for sale and bought by people interested only in the stuff it contains, not in the glue.

If a sharpie figured out a way to put opium into axle grease, would public authority wink at that?

Public authority has cracked down on sharpies putting booze into candy. It has been tough about sharpies selling patent medicine laced with alky and narcotics.

You get the evil eye if you buy a bottle of paregoric for a belly ache. But it is still all right for manufacturers of certain types of glue to market a product being used by addle-brained kids to release their most dangerous inhibitions. Who's crazy?

It makes us senior citizens wonder if we knew how lucky we were to have gone through adolescence in an era when the wildest thing we could do was sneak a snort out of a hip flask and top off the feast of forbidden fruit with a drag on a ciggie.

Sniff glue?

We were crazy enough to try anything, they used to say — but not that crazy.

We did the Charleston, the Big Apple and other contortions that couldn't sprain a clavicle compared with the setting up and lying down exercises now in vogue.

We drove rattletrap autos at high speeds on low-speed roads — sometimes hitting better than 60, but not for long.

Females shortened their skirts and bobbed their hair. Boys who could afford them wore funny-looking fur coats. Everybody said we were going to hell and some of us got there quicker than others.

But by all that's out of this sane world, we didn't sniff glue.

That does it. That tears it along the dotted line.

We disapprove. We oldsters can see no hope in sight for kids so hard up for kicks they must sniff glue to get 'em. Next thing the darned fools will be eating poison mushrooms, except they're already doing that, too.

### Work To Be Done

## 'A Dirty War,' Some Labor Chiefs Say

By Victor Riesel

NEW YORK — Slowly, but with certainty, as though they had long been awaiting the strategic moment, a handful of influential labor leaders are striding out of their philosophical retreats, charging that the U.S. is fighting "a dirty war" in South Viet Nam.

Victor Riesel

Amid their vocal volleys can be heard the re-echoing of propaganda that asserts the U. S. is fighting "another white man's war against colored people."

Steadily, the outspoken leaders of scores of thousands of unionists are waving a bloc of laborities into a skilled phalanx for an attack on AFL-CIO President George Meany and his efforts to bolster the fighting forces in Southeast Asia.

Some of the labor men actually call for cooperation or negotiations with the Viet Cong's National Liberation Front.

Some of these labor leaders, and hundreds of their followers, were in the commingled Fifth Ave. peace parade here last Saturday. There is not doubt of this.

**FOR HOURS I COVERED** every inch of the four blocks between 95th St. and 92nd St. running from Fifth Ave. to Madison Ave. Then I marched and remarched the full parade route.

On 94th St. there were contingents of the union which is organizing hospitals and drugstores — Local 1199. It was led by a stalwart militant, Moe Foner. With him, he told me later, were 150 of his union's activists. Foner is executive secretary of the union.

Ahead of them in the parade were the District 65 marchers. Their leaders, Dave Livingston, now suffering from a hip ailment, was not with them. It is he who is charging the U.S. with fighting a dirty war.

It is his dynamic union which has in it the leaders of the Peace Action Committee (PAC). District 65 is the ideological core of left-wing labor today. It is the largest section of the retail, wholesale national union whose president, Max Greenberg, has been battling District 65's anti-Viet Nam policies.

Ahead of these contingents in the peace parade — the size of which has been padded in some reports like a Parisian dinner check—were some strange elements. There was, for example, a Committee to Aid the National Liberation Front whose troops now are battling American soldiers.

There were very many older folk — neatly dressed, well-disciplined, and easily formed into lines of eight — as in the old Communist May Day Parades. There were, indeed, many of the old, orthodox Communist milieu. Among them were writers and editors of the old Daily Worker — now the Worker.

There is positively no doubt they filled out the line. They helped the younger people and bolstered their enthusiasm.

It must be said that there were sincere pacifists, and young college men who shrink from the thought of war. They were well-dressed. There were no beards. There were no kooks.

**BUT THEY STRODE** behind grim hearses, a mangled American flag which had the stars removed and replaced with replicas of bombs, and hacked-up dolls simulating injured children.

There were the self-avowed revolutionists of the Progressive Labor Party and the now older revolutionists of yesteryear — the Trotsyites. By the thousands they handed out their costly "working class" literature. But the chap who had the formula for beating the draft sold his wares for a dime.

Local 1199's Mr. Foner told me later ". . . we were not there as a union. It was all very loose; I don't know who was in front. We were marching with trade unionists. We believe in a cease fire, stop the bombing and get together and end this thing . . ."

Foner's attitude is parallel to other such activists in the West Coast longshoremen's union, which goes in for passing resolutions and "peace" talks at stop work meetings; in the United Electrical Workers, in the Mine, Mill and Smelter Workers — in 22 big union blocs in all.

They look forward, most of them, to a national peace conference called by these unions to whom America's commitment in South Viet Nam is a dirty war.

## Government Faces A Real Challenge

By Henry Taylor

As the rent subsidy bill approached a close vote last July, President Johnson reportedly telephoned no less than 30 congressmen—"White House calling"—on that single day. It passed.

On Oct. 12, the House voted to refuse all funds for the program and cinched this by a second vote two days later.

The timing is important. Only a week earlier, the House had rejected the President's home-rule bill for Washington, D.C. The Senate blocked Mr. Johnson's lunge to eliminate right-to-work laws in the states.

White House aide Lawrence F. O'Brien unblushingly stated this spring: "The suggestion that you trade the bridge or the dam or some project for a congressional vote—well, it's just not the case."

Many observers question whether a more dubious statement has ever been made in the history of Washington politics, and there have been several. In any event, something has gone off the rails.

**THE FUNDAMENTAL** difference between the Kennedy and Johnson administrations is that in domestic results the martyred president left the country largely as he found it.

Partisanship sees its characters in black and white. But this is never a correct appraisal and will not be history's appraisal of Mr. Kennedy.

His tenure was so fleeting and his words and acts so often contradictory that the most history can judge is whether Mr. Kennedy was a president of promise or an unpromising president. This is the tragic irony in so many monuments to Mr. Kennedy erected so early.

He was liked by Congress but he never deeply impressed Congress when in the House and Senate and was distinctly a junior figure. In the White House, his speeches registered at the public level, but nothing of importance that he proposed domestically ever was enacted into law.

Mr. Johnson succeeded in passing much of Mr. Kennedy's legislation where Mr. Kennedy had failed and passed a great deal more of his own but this cannot be honestly explained by condemning Mr. Johnson's pressure techniques.

Attorney General Robert F. Kennedy's activities are undeniable, and there was equivalent widespread criticism that the pressure techniques of the late President and his White House group were almost Mafia-like. Many regard these as especially dangerous forays into the jungles of anti-democratic behaviorism—the same criticism now made of Mr. Johnson.

But if something has gone off the rails recently, it is all to the good. A rubber-stamp Congress is not representative government and that's what we've had as the pendulum swung from all "nos" under President Kennedy to all "yeas" under his successor.

We see a loss of restraint in our government. Who is left in government to argue effectively with a president?

**THE CHALLENGE** is to the entire structure of our government, its entire system of checks and balances, not just the challenge to the two-party system or a preference for one party or the other.

The Presidency is becoming more and more a party of itself, autonomous, often even anonymous in its self-sufficiency—as is De Galle's presidency in France under his rubber-stamp parliament. That Lyndon Johnson and Charles de Gaulle had similar-sized mandates is not pertinent.

It's high time somebody reminded our representatives they're not sitting in their new $122 million building to throw away their responsibilities and independence.

The recent change is attributable to the newly revived coalition of Republicans and Southern Democrats. This is, in effect, the two-party system through the back door.

But with the low—ineffectively low—number of Republicans available in opposition, only some kind of a coalition can create any kind of balance—and any kind of restraint—at all.

Instead of condemning the restraints and presidential defeats on an interparty basis, we should applaud them. A president may be defeated on the wrong issues, but if he cannot be defeated on any issues, if the hard word "No" is never heard, who needs to be told the rest of the story?

## The Red Line

By David Lawrence

### Americans Aren't Getting Facts

The American people are not as yet thoroughly informed on what the Soviet government is doing inside the United States to help stir up all kinds of friction and give to the world an impression of popular discontent and unrest in America.

J. Edgar Hoover, director of the FBI, minces no words in his annual report, just issued.

He says that, although the Communist party of the United States "loudly proclaims its independence of foreign control," its every action shows clearly it "owes allegiance only to the Soviet Union and is absolutely committed to the world Communist movement."

Yet the Communist party is permitted as much freedom as the Republican party or the Democratic party. The illusion prevails that it is just another political organization entitled to the same rights as other political groups.

This means that adopting the form of a political party can be an effective barrier against interference by the federal government, which is charged by law with prosecution of espionage as well as treason.

Mr. Hoover declares the Communist party's traditional opposition to any phase of American foreign policy which serves to impede international communism has "reached new levels of invective with all-out attacks on this country's commitments in Viet Nam and the Dominican Republic."

He says the party has denounced U.S. action in South Viet Nam as "brutal" and "barbarous," and that the party furthermore has instructed its members to cooperate with all protest groups in order to intensify these activities and weaken the American government's position.

**THE PARTY** is making a concerted effort to exploit to its advantage the various demonstrations against American involvement in Viet Nam and the Dominican Republic.

"The Communists have been much encouraged by the current wave of social unrest in the United States. They view this situation as the development of a climate favorable to their operations and are constantly probing to exploit areas of discord. It is a rare civil rights activity, whether it be a voters' registration drive, a demonstration, march or picket, that does not attract Communists to some degree.

"A striking example of this was seen in the riots which erupted in the Harlem area of New York City in July 1964. The Progressive Labor Movement — since renamed the Progressive Labor party — a dissident and highly militant splinter group of the Communist party USA, was involved in prolonging these demonstrations by deliberate incitement of the rioters."

The FBI director makes it clear many civil-rights organizations operate on a legitimate basis and have been successful in excluding Communists but says the Communist party is nevertheless continuously striving to infiltrate civil-rights movements at every level. He declares:

"The 1964-1965 school year was a busy time for Communist leaders in all areas of the country as the party intensified its efforts to attract young people through public appearances on college and university campuses. Party leaders, encouraged by earlier successes, spoke to more than 37,000 students in 56 appearances during this period. This concentration on college campuses was aimed at gaining acceptance for the party as a legitimate political activity, creating an aura of respectability and understanding for the party and spreading Communist propaganda. Communist party leaders also appeared as guests on numerous radio and television programs."

**IT WOULD APPEAR** the American people are not getting all of the truth and will not until congressional committees carry on intensive inquiries and make public their findings.

There have even been repeated efforts either to abolish the House Committee on un-American Activities or to limit the scope of its investigations.

Unless there is exposure, the people can hardly get the facts, because many of the individuals concerned with various public demonstrations have succeeded in covering up their true affiliation with the Communist government.

## Through The Years

**THIRTY YEARS AGO** — The Beaver rural ditrict prepared to launch a campaign on behalf of an $88,000 bond issue to be submitted to the voters Nov. 5 for construction of a $160,000 high school with assistance from the Public Works Administration.

Wallace Beery and Jackie Cooper were starring in "Shaughnessey's Boy" which was attracting local theatergoers.

**TWENTY YEARS AGO** — Miss Helen Wise of Hanoverton and Clifford Frazier of Glasgow, Wellsville, represented Columbiana County and the district in "healthiest girl and boy" competition for 4-H members on a statewide basis.

Local and district husbands were muttering that it pays to be careful as they read where a wife-beater in Maryland had been given 10 lashes with a whip by a member of the sheriff's office.

**TEN YEARS AGO** — Accomplishments in Israel through Hadassah funds and the need for additional money for its varied fields of activities were emphasized during the pledge luncheon of the East Liverpool chapter at the Country Club.

Fifty parents heard Supt. Ralph H. Jewell discuss "Jointures and Merging of Schools" during a joint meeting of Midland's parent - teacher organizations.

# Johnson Set To Return To White House

WASHINGTON (AP) — President Johnson is expected to leave the hospital today and return to the White House.

He faces weeks of additional recuperation — most of it probably at his Texas ranch.

Johnson is displaying increasing vigor, growing good humor and — on occasion — the incision left from removal of his gall bladder and a kidney stone 13 days ago.

The President even allowed some pictures of the scar Wednesday after removal of the last of three drainage tubes from his abdomen.

This seemed to be another indication that Johnson was in better spirits and ready to accept assurances of his doctors that he could go home any time after Wednesday night.

The physicians examined Johnson early Wednesday. The resulting word was that Johnson was progressing the way they wanted him to, although still experiencing some soreness and weakness.

Signs of the latter were pretty well concealed Wednesday — a busy, active time for Johnson.

The President was in and out of Bethesda Naval Hospital. He spent nearly six hours out doors.

# 'Action'

(Continued from Page 1)

$450, and contingency fund (five per cent of total), $1,275.25.

Salerno named a countywide committee to prepare a report for a Neighborhood Corps project.

The board set its meetings for the second Wednesday of each month at the ISU (Independent Steelworkers Union) Building on Virginia Ave. in Weirton, subject to scheduling with the ISU board.

It was decided to conduct public meetings, with non-board members given permission to present their cases. The board voted to hold so-called executive sessions only upon a majority vote of the board.

Miss Tsapis proposed that "executive" sessions be held only to consider issues involving personalities, but the board voted instead to broaden the motion to authorize the board to hold private sessions whenever a majority of the board decided.

Salerno reported on a conference held in Wheeling devoted to Project Head Start. He said the program, aimed at preschool children, was supervised by school boards this year, but will be processed through Community Action Councils in the future. It was announced that $17,900 was spent on the program in Hancock County last summer, with a total of 120 children involved.

Fourteen of the 27 board members attended yesterday's session. The meeting was delayed an hour until a quorum was obtained.

# Johnson Gets $2.3 Billion College Bill

WASHINGTON (AP) — Congress has sent President Johnson an education bill that would give the nation's colleges a $2,387,000,000 shot in the arm while establishing three landmark programs.

The measure far exceeds the President's recommendations, but he is expected to sign it and set in motion for the first time in the nation's history:

1. A program of federal scholarships to help young people from low-income families attend college.

2. A system of federally insured state and private loans to assist college students from middle-income families.

3. The dispatch of a National Teacher Corps to poverty-stricken areas in a bootstrap attempt to lift education standards.

The Teacher Corps was the major item in dispute as the bill made its final run Wednesday through Congress.

# Marine Corps Draftees Due In November

SAN DIEGO, Calif. (AP) — The Drill Instructors of the Marine Corps Recruit Depot are preparing for company: The draftees are coming.

For the first time since the Korean War the Marine Corps, traditionally a volunteer outfit, is turning to Selective Service to help expand the corps by 30,000 men.

Preparations are being made for the arrival next month of the first of the November quota of 4,050 draftee Marines.

The draftees won't know they're on their way here until they're assigned, by lottery, at the time of induction. The November call is for a draft of 36,450. Eight out of nine men will go to the Army, the ninth to the Marines.

Easterners will go to the recruit depot at Parris Island, S.C., the rest here.

Here's what they'll find at San Diego:

Training will be accelerated. Boot camp has been cut from 12 to 8 weeks. Recruit companies will be bigger, with as many as 86 men, instead of the old average of 70. The number of DI's is being increased 40 per cent.

Each company will have a platoon commander and two DI assistants. Physical training, always rigorous, will be reduced by 18½ hours.

"I think the eight-week schedule covers it all," said Sgt. Paul Lennen, 24, a recruit platoon commander, after graduating his first eight-week class. "It keeps them moving faster. But I have less time to work with them. Less time for their problems."

Many of the new boot camp graduates are told they'll be headed for Viet Nam after three weeks' infantry training at Camp Pendleton, Calif.

## 2 Now Await Hearing In Stabbing Incident

Leroy Clark, 44, of Shreveport, La., is being held in the Hancock County jail in lieu of $1,000 bond on a felonious assault charge following an argument and fight which took place early last Saturday morning, Squire John D. Herron's office in New Cumberland reported today.

Also being held, on an identical charge, is Elizabeth Edwards, 37, of Yonges Island, S. C., who received razor wounds. Clark had been hospitalized with a stab wound in the right side of the chest inflicted with a butcher knife.

The two, migrant farm workers employed at the Hillcrest farm near Chester, are due to appear Friday before Herron.

# Probation Given Youth In Series Of Area Entries

LISBON — A Steubenville youth Wednesday was placed on a total of 10 years probation for seven counts of burglary, all of them allegedly occurring Feb. 17.

Judge Joel H. Sharp placed Chalmer Grant, 18, on five years probation for an April Grand Jury indictment involving four counts of burglary, all of them in East Liverpool. The defendant also received five years probation on a secret indictment for three counts of burglary, all in Wellsville.

Grant withdrew a plea of not guilty May 6 and pleaded guilty to burglaries in East Liverpool at Moore's Service Station, Mett's Sohio Service, Hays Oil Co. and Cooper's Amoco Service and in Wellsville at the William Gitscher Sunoco Service, Cunningham Sohio Service Station and Sohio Service.

At arraignment, Grant was put on a $2,500 bond for each indictment.

## Man Escapes Injury As Car Leaves Road

A 1965 northbound auto driven by Carl G. Tharp, 40, of Weirton suffered an estimated $500 damage shortly before midnight Wednesday when it swerved off State Route 2, south of New Cumberland.

Hancock County sheriff's deputies said the motorist claimed he had been blinded by headlights of an oncoming car. A passenger, Robert R. Klakos, 18, of Weirton was injured slightly and treated at Weirton General Hospital.

Two new Super Sport beauties for '66—a hardtop and convertible—propelled by nothing less than the new Turbo-Jet 396 V8.

Their SS black grille sets them apart right off as a special breed of car. And their new Turbo-Jet 396 V8 is right behind it ready to second the motion.

This remarkably efficient power plant, with aircraft-type valves, deep-breathing ports and other design advances, develops 325 hp in the standard version. And you're welcome to order more—in a 360-hp version—if you're so inclined.

Both Chevelle SS 396 models ride on a special chassis—with flat-cornering suspension and large-size (7.75x14) red stripe tires. A fully synchronized 3-speed transmission with floor-mounted stick shift is standard. Or you can order a 4-speed or Powerglide—also Strato-bucket front seats, center console and full SS instrumentation.

Impressive credentials, sure. But to really appreciate what Chevrolet's performance specialists have come up with here you've got to get into one of these Chevelle Super Sports and see for yourself.

And the place to do that, naturally—or to see and drive any of the ten other new Chevelles for '66—is your Chevrolet dealer's. He's a great believer in letting the customers handle the merchandise.

# Johnson Set To Return To White House

WASHINGTON (AP) — President Johnson is expected to leave the hospital today and return to the White House.

He faces weeks of additional recuperation — most of it probably at his Texas ranch.

Johnson is displaying increasing vigor, growing good humor and — on occasion — the incision left from removal of his gall bladder and a kidney stone 13 days ago.

The President even allowed some pictures of the scar Wednesday after removal of the last of three drainage tubes from his abdomen.

This seemed to be another indication that Johnson was in better spirits and ready to accept assurances of his doctors that he could go home any time after Wednesday night.

The physicians examined Johnson early Wednesday. The resulting word was that Johnson was progressing the way they wanted him to, although still experiencing some soreness and weakness.

Signs of the latter were pretty well concealed Wednesday — a busy, active time for Johnson.

The President was in and out of Bethesda Naval Hospital. He spent nearly six hours out doors.

# 'Action'

(Continued from Page 1)

$450, and contingency fund (five per cent of total), $1,275.25.

Salerno named a countywide committee to prepare a report for a Neighborhood Corps project.

The board set its meetings for the second Wednesday of each month at the ISU (Independent Steelworkers Union) Building on Virginia Ave. in Weirton, subject to scheduling with the ISU board.

It was decided to conduct public meetings, with non-board members given permission to present their cases. The board voted to hold so-called executive sessions only upon a majority vote of the board.

Miss Tsapis proposed that "executive" sessions be held only to consider issues involving personalities, but the board voted instead to broaden the motion to authorize the board to hold private sessions whenever a majority of the board decided.

Salerno reported on a conference held in Wheeling devoted to Project Head Start. He said the program, aimed at preschool children, was supervised by school boards this year, but will be processed through Community Action Councils in the future. It was announced that $17,900 was spent on the program in Hancock County last summer, with a total of 120 children involved.

Fourteen of the 27 board members attended yesterday's session. The meeting was delayed an hour until a quorum was obtained.

# Johnson Gets $2.3 Billion College Bill

WASHINGTON (AP) — Congress has sent President Johnson an education bill that would give the nation's colleges a $2,387,000,000 shot in the arm while establishing three landmark programs.

The measure far exceeds the President's recommendations, but he is expected to sign it and set in motion for the first time in the nation's history:

1. A program of federal scholarships to help young people from low-income families attend college.

2. A system of federally insured state and private loans to assist college students from middle-income families.

3. The dispatch of a National Teacher Corps to poverty-stricken areas in a bootstrap attempt to lift education standards.

The Teacher Corps was the major item in dispute as the bill made its final run Wednesday through Congress.

# Marine Corps Draftees Due In November

SAN DIEGO, Calif. (AP) — The Drill Instructors of the Marine Corps Recruit Depot are preparing for company: The draftees are coming.

For the first time since the Korean War the Marine Corps, traditionally a volunteer outfit, is turning to Selective Service to help expand the corps by 30,000 men.

Preparations are being made for the arrival next month of the first of the November quota of 4,050 draftee Marines.

The draftees won't know they're on their way here until they're assigned, by lottery, at the time of induction. The November call is for a draft of 36,450. Eight out of nine men will go to the Army, the ninth to the Marines.

Easterners will go to the recruit depot at Parris Island, S.C., the rest here.

Here's what they'll find at San Diego:

Training will be accelerated. Boot camp has been cut from 12 to 8 weeks. Recruit companies will be bigger, with as many as 86 men, instead of the old average of 70. The number of DI's is being increased 40 per cent.

Each company will have a platoon commander and two DI assistants. Physical training, always rigorous, will be reduced by 18½ hours.

"I think the eight-week schedule covers it all," said Sgt. Paul Lennen, 24, a recruit platoon commander, after graduating his first eight-week class. "It keeps them moving faster. But I have less time to work with them. Less time for their problems."

Many of the new boot camp graduates are told they'll be headed for Viet Nam after three weeks' infantry training at Camp Pendleton, Calif.

# 2 Now Await Hearing In Stabbing Incident

Leroy Clark, 44, of Shreveport, La., is being held in the Hancock County jail in lieu of $1,000 bond on a felonious assault charge following an argument and fight which took place early last Saturday morning, Squire John D. Herron's office in New Cumberland reported today.

Also being held, on an identical charge, is Elizabeth Edwards, 37, of Yonges Island, S. C., who received razor wounds. Clark had been hospitalized with a stab wound in the right side of the chest inflicted with a butcher knife.

The two, migrant farm workers employed at the Hillcrest farm near Chester, are due to appear Friday before Herron.

# Probation Given Youth In Series Of Area Entries

LISBON — A Steubenville youth Wednesday was placed on a total of 10 years probation for seven counts of burglary, all of them allegedly occurring Feb. 17.

Judge Joel H. Sharp placed Chalmer Grant, 18, on five years probation for an April Grand Jury indictment involving four counts of burglary, all of them in East Liverpool. The defendant also received five years probation on a secret indictment for three counts of burglary, all in Wellsville.

Grant withdrew a plea of not guilty May 6 and pleaded guilty to burglaries in East Liverpool at Moore's Service Station, Mett's Sohio Service, Hays Oil Co. and Cooper's Amoco Service and in Wellsville at the William Gitscher Sunoco Service, Cunningham Sohio Service Station and Sohio Service.

At arraignment, Grant was put on a $2,500 bond for each indictment.

# Man Escapes Injury As Car Leaves Road

A 1965 northbound auto driven by Carl G. Tharp, 40, of Weirton suffered an estimated $500 damage shortly before midnight Wednesday when it swerved off State Route 2, south of New Cumberland.

Hancock County sheriff's deputies said the motorist claimed he had been blinded by headlights of an oncoming car. A passenger, Robert R. Klakos, 18, of Weirton was injured slightly and treated at Weirton General Hospital.

# New Officers Elected By Civil Service Unit

Officers for 1966 were elected when the Columbiana County Chapter of the Ohio Civil Service Employes Association met Tuesday night at Theron's Store near Columbiana.

Assuming their duties Jan. 15 will be: Duane Kilmer, president; Jerry Layton, vice president; Ralph L. Widger Sr., secretary - treasurer; Ray W. Neidengard, Richard Phillis and Leo Taugher, trustees.

The new president will announce his committee chairmen when he is installed at the December meeting.

Neidengard, the current president, was in charge Tuesday night when 35 were present for a Halloween "Family Fun Night" and meeting.

Games were held after the meeting, with Paul Yarmon and Mrs. Clara Fisher winners. Widger, program chairman, was in charge of games and refreshments, with the members served Halloween - decorated cookies, doughnuts and coffee.

Organization of a credit union was discussed, with a representative of the Ohio Credit Union League from Columbus scheduled to speak at a later meeting.

Plans were discussed for raising funds to meet the assessment for the seventh biennial state convention at the Sheraton Hotel in Akron next July 29, 30, 31. Money also will be raised to send three delegates, including the president, to the convention. Chapter members are selling peanut brittle and soliciting advertisements for the souvenir program of the convention.

Kilmer, current vice president, announced that he is making arrangements for John Harmon, state president, to attend the Nov. 16 meeting of the county chapter.

The group's secretary was instructed to form a Ways and Means Committee, with one member from each department. The secretary will serve as chairman. The chapter members will have veto power before action is taken on any matter presented to the chapter, Neidengard pointed out.

A nominating committee was appointed to contact each department for a candidate for the chapter Miss Ohio Civil Service contest, with the finals taking place during the convention in Akron.

Chapter officials explained it is not a beauty contest, but an effort to present a "typical career Civil Service employe" as an example of the work being done in the program.

# Officer Cites Industry Man

A 58-year-old Industry man was cited on a charge of driving while under the influence of alcohol after a two-way collision Wednesday night at 10 on Pennsylvania Ave. at Boyce St., police reported.

Nick Petruska of Industry R. D. 2 was booked by Patrolman Samuel E. Hayes as an aftermath of a collision between the Beaver County man's 1963 sedan and a 1964 two-door sedan operated by James Glover Jr., 22, of 104 Church St., Chester.

Glover told the officer both cars were traveling east on Pennsylvania Ave. when Petruska pulled into the left lane as if to make a left turn onto Boyce St. Glover said he proceeded to continue east on Pennsylvania Ave., but Petruska pulled back into the right-hand lane, causing the collision.

The mishap damaged the left rear of Glover's car and the right front of Petruska's auto, officers said.

Petruska, pleading guilty to the charge today before Municipal Judge Samuel M. Chertoff, was fined $250 and costs and sentenced to five days in City Jail. The judge also said he will ask the Pennsylvania Bureau of Motor Vehicles to suspend Petruska's operator's permit. He pointed out an Ohio court does not have direct authority to suspend a Pennsylvania license.

Patrolmen Hayes and Paul A. Burson Jr. testified at the hearing, as well as Glover. Hayes said he found "a strong odor of alcohol" on the defendant's breath and Burson said Petruska was unsteady on his feet.

Burson, a short distance away at the time, said his attention was attracted by the sound of the crash. He said he observed the two cars still moving eastward at very low speed, with Glover shouting in an attempt to stop Petruska.

Glover finally leaped out of his car and ran in front of Petruska's auto to force the Beaver County man to halt, he said. Glover also shouted to bystanders to call the police department, Burson said.

Glover said Petruska "put up a very heated argument" about the crash and claimed no damage had resulted.

## Lisbon Firemen Quell Flames In Coal Tipple

LISBON — Firemen quickly extinguished a blaze Wednesday night at an abandoned coal tipple located between Lisbon and Gavers on Route 164.

Firemen answered the call at 9:45 p.m. when nearby residents expressed concern for an adjacent wooded area after spotting smoke at the tipple.

# Vote Supplies To Be Packed

The County Election Board expects to pack supplies for precinct polling places Friday night or Saturday at its East Liverpool office and next Wednesday at its office in Lisbon as it moves ahead with last-minute preparations for the Nov. 2 general election.

Frank R. O'Hanlon, clerk, said today the Columbus Blank Book Co. of Columbus has delivered poll books for all 167 precincts. The Dodge Publishing Co. of Salem has made a partial delivery of ballots, he added.

"I can see no real interest in this election, but the preparations have caused us more trouble and work than any election in years," O'Hanlon commented. He said he is unable at present to issue a forecast of the possible vote, but commented he expects the turnout will be "comparatively light."

One of the prime factors in encouraging a turnout will be statewide Issue No. 1, which proposes an increase in the Ohio sales tax to provide additional funds for education, O'Hanlon said.

# Band, Orchestra Mothers Study Fund-Raising Plans

Fund - raising projects were discussed at a meeting of the East Liverpool High School Band and Orchestra Mothers Tuesday night in the band room at Memorial Auditorium.

Mrs. James Lessel, president, conducted the business session.

Robert McConville, a representative of the Curtis Publishing Co., briefed members on the magazine sale which will be conducted beginning Nov. 9 and ending Nov. 23. In former years, the sale has been conducted by the high school, but since the school will be engaged in another project this term, the magazine sale will be conducted by the band members only.

Members are to turn in the daily sales receipts to the following mothers: Mrs. Paul Calhoun, downtown; Mrs. Amberry Brown, Mrs. Harold Fry and Mrs. Thomas Snow, Pleasant Heights; Mrs. Robert Cunningham, Glenmoor; Mrs. Earl Moffett, LaCroft; Mrs. Joseph Persohn, Campground Rd.; Mrs. Willis Gaston, Mrs. John Barringer, Mrs. Hugh Mackall and Mrs. Richard Emmerling, Northside; Mrs. James Myler, Beechwood; Mrs. Herschel Stover, Dixonville, and Mrs. Clifford Oakes, Mrs. Charles Rogers and Mrs. Earl Tice, East End.

The president reminded members to bring articles for a handicraft sale which will highlight the group's November meeting. Christmas candy also will be distributed for members to sell.

Mrs. Charles Deshler reported on the recent rummage sale. Mrs. Evelyn Walker gave the treasurer's report and Mrs. Arnold McDowell reported on the social committee.

The organization endorsed the levy for the Retarded Children's School at Elkton.

Vincent Maola Jr., band director, discussed the combination half-time show with the Newton Falls Band.

He praised both groups for an outstanding performance. Many of the mothers, who had band members from Newton Falls as overnight guests, commented that it was "an enjoyable experience."

Maola reminded members of the concert which will be presented by the Sweet Adelines on Nov. 6. The Potter Stage Band is scheduled to make an appearance at the event.

Mrs. Earle Locke conducted devotions.

A social hour followed the business session.

## Man Held For Court In Shotgun Incident

ALIQUIPPA — James McClimans, Independence Township farmer, was held for Beaver County Court Wednesday by Justice of the Peace P. H. Ulmer on a charge of assault with intent to maim.

McClimans was charged after firing a 20-gauge shotgun at three carloads of teen-agers Oct. 15 on his 26-acre tract in Independence Township. Two teenage girls were wounded, one seriously enough to be taken to the Pittsburgh Eye and Ear Hospital for facial wounds.

# *Blacktopping To Be Started At Wellsville*

The Tri - State Asphalt Corp. of Martins Ferry will begin work Friday on the blacktop resurfacing of a two-block section of Commerce St. in Wellsville, Safety-Service Director Fred Baldasare said today.

The firm also will resurface 9th St. from Commerce to Wood Sts. and expects to finish both jobs by the weekend, the director said.

The one - way Commerce St. was closed to traffic today to permit city crews to prepare the street for the resurfacing, Baldasare said, warning motorists that parking will be banned on both Commerce and 9th Sts. while the job is in progress.

Meanwhile, the General Contracting Co. of Midland was moving in equipment today to clean out McQueen's Run on Route 39. The run feeds into a city storm sewer.

Baldasare said he was advised by Earl Nelson, Division 11 engineer for the State Highway Department, that crews will begin shortly to paint the center line on the newly - resurfaced Clark Ave. from 17th St. to the four - lane highway.

## Madison Group Hears Trustees, Candidates

Thirty - five attended a public Madison Township meeting Wednesday night at which trustees and candidates for trustees spoke.

Mrs. Walter Roberts of the Y. & O. Rd. presided at the session at the Tri - State Boot & Saddle Club. Candidates related their qualifications and aims and the incumbents described aspects of township business.

A memorial was held for Harry Greenwood, Beaver Local School Board clerk who died Monday.

Refreshments were served.

# Schools To Get $395,022 In Anti-Poverty Program

LISBON — A total of $395,022 is available for the 13 school districts in Columbiana County under Title 1 of the Elementary and Secondary Education Act.

The law authorizes federal funds for special work with children of low-income families. There are 1,788 children ages 5 to 17 in the county who fall into this category, school officials said.

Under the education act, federal funds are available for special work with children from $2,000 or less per year or who receive aid to dependent children money.

The share of each district is $220.93 multiplied by the number of children from low-income families. The individual districts eligible for the funds include two neighboring counties which extend into Columbiana County.

Lowell Myers, superintendent of Wellsville schools, is chairman of a committee which designates the shares to the districts. The other committee members are Oliver H. Payne, superintendent of Lisbon schools, and Roy Cashdollar, superintendent of the Beaver Local School District.

The committee's report was made available by James L. McBride, superintendent of county schools, at a meeting of the County Board of Education in the Courthouse. It will be the responsibility of individual school boards to apply for the funds when available and to designate special projects, McBride explained.

Title I aid, a special program beyond the schools' regular operations financed by vote levies, may not become available until early 1966.

A breakdown of the committee's report, with the number of low-income children and the amounts for which school districts may apply, follows:

East Liverpool, 351, $77,546; Salem, 275, $60,756; Wellsville, 152, $33,851; East Palestine, 109, $24,081; Lisbon, 74, $16,348; Leetonia, 74, $16,348; Columbiana, 60, $13,225.

Beaver Local, 229, $50,592; Fairfield - Waterford, 33, $7,290; United, 129, $28,500; Southern, 171, $37,779; Minerva Local, Stark County, West Township, 55, $12,151, and West Branch, Mahoning County, Butler and Knox Townships, 76, $16,790.

## Lausche Asks Check On Antidraft Action

WASHINGTON (AP) — Sen. Frank J. Lausche, D-Ohio, has asked the Justice Department to check whether antidraft activities are in violation of existing federal criminal laws, or whether new laws are needed.

# *O'Hanlon's Given New Credentials For Title Change*

Frank R. O'Hanlon today received new credentials from Secretary of State Ted W. Brown in preparation for a change in the official title of his office, effective Nov. 1.

Under a law enacted by the last session of the state legislature, O'Hanlon will assume the title "director of elections" for Columbiana County. There is no change in the duties or responsibilities. O'Hanlon has been clerk of the board for nearly three decades.

Brown explained the principal intent of the new law was to "upgrade" the title held by the clerks in Ohio's 88 counties and emphasize their importance in the functioning of the election machinery.

O'Hanlon received a wallet-size card signed by Brown and carrying a replica of the Great Seal of the State of Ohio.

# Winners Are Announced In Contest At Wellsville

## Church Class Hears Talk On History Of Lotus Ware

William H. Vodrey Jr. was guest speaker during the annual family dinner meeting of the Dia Konia Class of the Trinity United Presbyterian Church Tuesday night at Hilbert Hall.

He traced the history of Lotus Ware from the time it was originated in East Liverpool until the art was abandoned, pointing out the local potteries were the seat of great craftsmanship. He recalled Joshua Poole and Henry Schmidt, who began making the ware after having been formerly connected with the Beleek Plant in Ireland. In discussing the original East Liverpool pottery, he said it burned in 1889 at a loss of $300,000, but was rebuilt a year later and production of the ware resumed. He displayed several pieces of Lotus Ware and explained where they had been obtained.

Miss Faye Davis, program cnairman, introduced the speaker. Mrs. M. Rudolph Miller conducted devotions. Leland Pittenger led group singing.

## Church Class Hears Talk On History Of Lotus Ware

William H. Vodrey Jr. was guest speaker during the annual family dinner meeting of the Dia Konia Class of the Trinity United Presbyterian Church Tuesday night at Hilbert Hall.

He traced the history of Lotus Ware from the time it was originated in East Liverpool until the art was abandoned, pointing out the local potteries were the seat of great craftsmanship. He recalled Joshua Poole and Henry Schmidt, who began making the ware after having been formerly connected with the Beleek Plant in Ireland. In discussing the original East Liverpool pottery, he said it burned in 1889 at a loss of $300,000, but was rebuilt a year later and production of the ware resumed. He displayed several pieces of Lotus Ware and explained where they had been obtained.

Miss Faye Davis, program cnairman, introduced the speaker. Mrs. M. Rudolph Miller conducted devotions. Leland Pittenger led group singing.

Mrs. Edward Aliulis, president, presented Pittenger with a gift from the class in recognition of his past five years as teacher.

The social committee in charge of the dinner was comprised of Mrs. Harold Kaufman, chairman, Mrs. Stanley Rose, Mrs. Edgar Pittenger and Mrs. Grace Lawrence. Mrs. James Sheets and Mrs. Edgar Pittenger arranged table decorations, which consisted of a cornucopia filled with fall fruits and an array of multi-color chrysanthemums. Ralph Compa gave the blessing.

Other guests were Mr. and Mrs. Compa and daughters, Mary and Kay, Mrs. James Boyd, Mr. and Mrs. Paul James, Miss Maude McKinney, Mrs. Leone Woods and Miss Mildred Faulk, former teacher visiting from Ormond Beach, Fla.

An auction of homemade articles will feature the next session Nov. 16 with Mrs. James Fortiner of St. Clair Ave.

To Choose Governor, Legislature

# Election In New Jersey Could Erase Traditions

TRENTON, N. J. (AP)—New Jersey chooses a governor and new legislature Nov. 2 in an election that could end several political traditions.

The Democrats are within sight of a peak of political dominance they have not occupied since Woodrow Wilson's term as governor half a century ago.

New Jersey was considered a Republican state only a dozen years ago. But weakened by primary fights, election losses and anemic finances, the Republicans are underdogs in this year's race for governor and are no better than even money to hold on to the newly reapportioned legislature.

Democratic Gov. Richard J. Hughes is seeking a second four-year term. Polls by both parties show him comfortably ahead. If he wins, it will be the fourth term in a row for the Democrats, the longest reign by either party in the 20th century.

Wayne Dumont Jr., a 14-year veteran of the state Senate, is trying to stop the Democratic streak. A 51-year-old lawyer from one of the state's few remaining rural counties, he won a less-than-resounding endorsement from the GOP in a complicated screening committee procedure followed by a close primary election victory. Twice before he had lost Republican gubernatorial primary elections.

Dumont emphasizes discussion of such things as taxes, colleges, the drought and what he calls Hughes' lack of leadership. He accuses Hughes of wasteful spending and failing to take the lead in raising large amounts of money both he and Hughes agree the state needs.

He has come up with one issue that has emotional impact—Prof. Eugene Genovese of Rutgers, the state university. Genovese told a "teach-in" last April that he would welcome a Viet Cong victory in Viet Nam. Dumont called for dismissal of Genovese and a "sleeper" issue was born.

Hughes emphasizes his agreement with U.S. policy in Viet Nam but has declined to force Rutgers to fire Genovese. He said it would violate academic freedom.

Hughes admits the Genovese issue will cost him votes.

Hughes, 56, is a former judge who won an upset victory in 1961 over the late James P. Mitchell, secretary of labor in the Dwight D. Eisenhower Cabinet. A remarried widower with 10 children and the state's first Roman Catholic governor, Hughes is running this year in a more restrained version of his usual peppery platform style.

He blames most of New Jersey's government problems on the Republican majority caucus which has ruled the state Senate for 50 years.

Both Hughes and Dumont represent a sharp break with New Jersey's past in one major respect—both advocate a big, new statewide tax. Dumont has supported a sales tax for years. Hughes came out for an income tax two years ago.

## Hungary Fires Protest To Britain And U.S.

BUDAPEST (AP) — Hungary has protested to Britain and the United States because of the defection of Laszlo Szabo, 42, a Hungarian diplomat seeking political asylum in the United States.

The Foreign Ministry accused Britain of withholding information on Szabo's disappearance last weekend. He was the second secretary in Hungary's embassy in London.

Two days ago the American Embassy in London said it had agreed to help Szabo find asylum in the United States after he came to the U.S. Embassy last Monday.

## Memory, For Example

# Life Opens Many Doors

By HAL BOYLE

NEW YORK (AP) — Life is the opening of many doors.

One often opens them with trepidation, because they lead to situations one may never have faced before.

But there is a single door one may open without fear, confident of what lies on the other side. That is the door of memory. For most of us it becomes an increasing pleasure to open that door more often and take a restful mental stroll back down time's past corridor.

You've had a pretty long walk in that corridor yourself if you can remember when—

People bragged about having shaken the hand of John L. Sullivan, the heavyweight boxing champion.

Every fat man thought he looked slimmer in a vest and a double-breasted jacket.

A fellow never had to borrow money from his wife for his midday meal if he worked near a saloon that served a free lunch.

Most American homes still had mice in them.

Before the era when basements were turned into "rumpus rooms" they were often called "storm cellars."

You knew a girl was ready for matrimony when she started learning how to knit a pair of men's socks.

Anyone who had to have a blood transfusion worried about whether it would cause him to assume the personality of the donor.

Every firehouse had a Dalmation dog, and it was usually called "Spot."

## Young's Charge Rejected By CIA

WASHINGTON (AP) — The Central Intelligence Agency has rejected as "absolutely false" Sen. Stephen M. Young's charges that it hired persons to disguise as Viet Cong and commit atrocities to discredit communists in Viet Nam.

Young, who returned just a few days ago from a trip to Viet Nam, told newsmen a CIA man informed him the CIA hired South Vietnamese who dressed as Viet Cong and committed such acts as killing men and raping women.

Later, however, the Ohio Democrat denied he said the information came from a CIA man, but that he got it from an American military officer.

Nevertheless, Young said, "I confirmed through the CIA today that it employed some South Vietnamese nationals to pose as Viet Cong—and I take a dim view of that."

He called for curtailment of CIA activities in Viet Nam.

## Church Event Attracts 150

Pictures of the past were displayed during the congregational dinner Wednesday night which marked the opening of the 75th anniversary observance of the Grace United Presbyterian Church in the social rooms. About 150 attended.

J. W. Barrett, invitation chairman, read congratulatory messages from the Rev. Kenneth Newell of Pierre, S. D., the only ordained minister from the membership, and the Rev. Wilson Stitt of Virginia, a former pastor.

Mrs. Annie Young, the only living charter member, was introduced.

Greetings were sung for Mr. and Mrs. Norman Neal, who were observing their wedding anniversary.

The Rev. Edward John Phinn, general chairman for the event, gave the invocation.

Mrs. Otis Doughty and Mrs. Neal were in charge of dinner arrangements. Fall flowers, gourds and cornucopia formed decorations.

A coffee hour will follow the Sunday morning service when the Rev. George Jenkins of Carrollton, general Presbyter, will be the speaker.

The Rev. H. Gene Toot, associate minister of the Trinity United Presbyterian Church, will speak at the evening service.

## 4-H News

The Senior 4-H Club of Pughtown voted to clean the honor roll memorial as a civic project at a meeting Monday at the Christian Church.

New officers who were elected last month assumed their duties.

Devotions were led by Miss Carolyn Gardner, Miss Karen Virden and Miss Terri Arehart.

Songs were led by Miss Debbie Brant.

Miss Susan Jones presented the program and Miss Ruth Ann Hill led the recreation.

The refreshment committee members for the meeting were Miss Vicki Wern, Miss Linda Jones and Miss Tara Brant.

The business meeting was conducted by Miss Becky Priest, president.

The next meeting will be in November.

Ruth Smith of Lawrenceville was hostess for a meeting of the Cherokee 4-H Club Tuesday night.

She announced that a Halloween party will be held at her home next Wednesday night at 7.

Phyllis Laughlin, president, appointed committee chairmen for the year as follows:

Conservation, Rusty Smith; Arbor Day, Fred Bryan; health, Debbie Stover; safety, Barbara Staggers; finance, Brenda Gallop; 4-H Sunday, Linda Gallop; projects, Emily Swiger; 4-H Week, Shelby Staggers; program, Robert Bryan, and refreshments, Phyllis Laughlin.

Junior leaders will have charge of public meetings.

The club is selling Christmas decorations to raise funds for the 4-H camp.

## Plans Completed By Midland Post In Oct. 30 Parade

Plans for the annual Halloween parade for children were completed during the meeting of Midland American Legion Post 481, Monday night at the post home. Woodrow Pflugh, commander, presided.

The parade, to be held Oct. 30, will form at 6:30 p. m. on Beaver Ave., between 4th and 5th Sts., and get under way at 7. The Midland and Western Beaver School bands have been invited to lead the parade.

Those who wish to march in the parade are to stop at the Midland police station for identification tags after Oct. 25. Cash prizes will be awarded, with a party to follow in the Liberty Theater. Harry Hulton is chairman.

The commander appointed Rudolph Komara, Charles Cover, Lester Barr and George Huha as a committee to arrange for a new merit system and report at the Nov. 1 meeting. He also announced that articles are being accepted for the unit's Christmas toy program for needy children.

The post will participate in the annual Veterans Day parade at Ambridge No. 11. William Coble, chairman, reported on activities of the Auxiliary of the post.

### Ohioan Found Guilty

SEATTLE (AP) — A federal court jury returned a verdict of guilty Wednesday against Johnnie Boyd Blevins, 35, of Cleveland, Ohio, on a charge of possessing plates from which counterfeit money could be made. Sentencing was set for Nov. 1.

If centipedes appear in your basement, clean out all the damp, dark corners and kill each one you find. Then spray the area with a strong solution of DDT.

## Memory, For Example

# Life Opens Many Doors

By HAL BOYLE

NEW YORK (AP) — Life is the opening of many doors.

One often opens them with trepidation, because they lead to situations one may never have faced before.

But there is a single door one may open without fear, confident of what lies on the other side. That is the door of memory. For most of us it becomes an increasing pleasure to open that door more often and take a restful mental stroll back down time's past corridor.

You've had a pretty long walk in that corridor yourself if you can remember when—

People bragged about having shaken the hand of John L. Sullivan, the heavyweight boxing champion.

Every fat man thought he looked slimmer in a vest and a double-breasted jacket.

A fellow never had to borrow money from his wife for his midday meal if he worked near a saloon that served a free lunch.

Most American homes still had mice in them.

Before the era when basements were turned into "rumpus rooms" they were often called "storm cellars."

You knew a girl was ready for matrimony when she started learning how to knit a pair of men's socks.

Anyone who had to have a blood transfusion worried about whether it would cause him to assume the personality of the donor.

Every firehouse had a Dalmation dog, and it was usually called "Spot."

The only Americans who regularly cooked their meals outdoors in summer were the residents of hobo jungles.

## Ewing Taking 'Trick' Case To High Court

CINCINNATI (AP) — Alice Ewing, who lost an appeal of her larceny-by-trick conviction, is taking her case to the Ohio Supreme Court.

She was convicted last spring in police court of taking a credit plate from the body of Wanda Cook, 24, Bellevue, Ky., and buying a suitcase. An appeal to the Ohio 1st District Court of Appeals was turned down.

Frank J. Longano, attorney for Miss Ewing, 23, Fort Thomas, Ky., Wednesday filed a notice of intention to appeal to the supreme court.

Miss Ewing's former fiance, Robert R. Abbott, 22, Dayton, Ky., was convicted of killing Miss Cook in a hotel room here last year and sentenced to life in prison.

## Sens. Lausche, Young Vote With Minority

Almost 80 Per Cent Complete

# Midland Area Fund Drive Draws Closer To Its Goal

The Midland Area United Fund drive has reached 78.5 per cent of its goal.

At the second report meeting this week at Midland High School, pledges and contributions totaling $50,271 were disclosed. The goal is $63,975.

The volunteers were urged to intensify their efforts by Robert C. Gilroy of New Brighton Township, general campaign chairman, at a Board of Directors meeting following the report.

Several divisions of the Midland drive are lagging and Gilroy stressed that funds are being collected for 43 health and welfare agencies and not just one. These agencies help 50,000 Beaver countians annually.

At the first report meeting Oct. 4, 45 per cent of the goal had been accomplished. A special meeting will be held next Monday night.

The final report meeting is set for Nov. 1.

Three divisions — education, building trades and transportation and industry — and residential solicitation, have not made reports to date.

Two divisions have surpassed their goals. Real estate and insurance, with Paul McGeehan of Midland as chairman, has reported $135, or 117 per cent of the $115 goal. Public service, with Charles L. Finley of Midland as chairman, has totaled $527, or 106 per cent of the goal.

The standings of other divisions are: manufacturing, $48,586, or 86 per cent; special gifts, $89, or 66 per cent; medical-dental, $310, or 84 per cent; attorneys and funeral homes, $50 or 45 per cent; clubs and organizations, $60, or 75 per cent; government, $174, or 54 per cent; retail trade, $200, or 21 per cent; Midland residential, $79, or 30 per cent; Ohioville Borough, $33, or 55 per cent, and Meadowbrook, $28, or 33 per cent.

Charles Kurcina of Ohioville, a drive co-chairman and chairman of Crucible Midland Works employe solicitation, reported the plant collection is running 5 to 10 per cent above last year.

Kurcina, vice president, presided at the directors' meeting.

# Three Share Nobel Prize For Physics

STOCKHOLM (AP)—The 1965 Nobel Prize for physics was awarded jointly today to two Americans and a Japanese — Julian Schwinger of Harvard, Richard Feynman of the California Institute of Technology, and Sin-Itiro Tomonago of Japan.

The Royal Swedish Academy of Science said the award was given for "their fundamental work in quantum electrodynamics, with deep-ploughing consequences for the physics of elementary particles."

The prize money—about $55,000—will be shared equally by the three winners.

Tomonaga, 59, is the oldest of the three scientists. For several years he has headed a group of researchers in the field of theoretical physics at the Tokyo University of Education, a branch of Tokyo University.

Schwinger and Feynman are both 47, and both were born in New York City.

Schwinger studied at Columbia University, took his doctor's degree in 1939 and worked at Purdue University before joining the Harvard faculty at Cambridge, Mass.

Feynman studied at the Massacusetts Institute of Technology and took his doctor's degree at Princeton in 1942. During the war he worked partly at Princeton and partly at the nuclear research laboratory at Los Alamos, N.M.

His early and decisive contributions to quantum electronics were made at Cornell University, Ithaca, N.Y., where he held a chair in physics 1945-51. He moved to Caltech in Pasadena in 1951.

# Class At Lisbon Plays Host; VFW Auxiliary Has Meeting

LISBON — The Men's Fellowship of St. Jacob's United Church of Christ played host at the "Ladies Night" meeting Monday at the church, with Howard Wilhelm presiding. Devotions were led by Orrie Taylor.

The program, presented by Homer Ferguson, featured an account of his duties as toll collector at the Route 7, interchange of the Ohio Turnpike.

Ernest Tullis had charge of the entertainment.

**VFW Auxiliary Meets**

Mrs. Betty Stark, president of the VFW Auxiliary, presided at the meeting Tuesday night at the post home, with Mrs. Mildred Ieropoli and Mrs. Alice Reese hostesses.

A report was given by Mrs. Agnes Ford, Americanism chairman for the presentation of gifts from the Auxiliary to the 48 draftees who left for service last Wednesday. She was assisted by Mrs. Maxine Eaholtz.

Plans were completed for the annual membership party.

**Visit Home At Tiffin**

Thirty - eight members of the Daughters of America from Toronto, East Liverpool, Wellsville and Lisbon visited the national D. of A. home at Tiffin Sunday, making the trip by chartered bus.

Mrs. Mae Pittenger, formerly of Toronto, a resident of the home, greeted the group upon their arrival. Following a picnic dinner, Mrs. Juanita Saras conducted a tour of the home. Established in 1930, it now has 57 women and two men as residents.

Members of Pride of Center Council 190 who made the trip were Mrs. Mildred Hiscox, council deputy, Mrs. Lela Stock, Mrs. Ivy Mentzer, Mrs. Kathy Bush, Mrs. Bessie Flugan, Mrs. Mary Hoy, Miss Catherine McKee, Mrs. Bessie Cullison, Mrs. Lydia Bennett, Mrs. Myrtle Rupp, Mrs. Agnes Gray, Mrs. Nancie Meehan, Mrs. Sarah Holshue, Mrs. Laura Wright.

Mrs. Eva Adams, Mrs. Olive White and Mrs. Leslie Tagenhorst of East Liverpool, state officers, were among those making the trip.

**Enroll At Pittsburgh School**

Jeff Dorrance, son of Mr. and Mrs. Robert Dorrance of E. Mr. and Mrs. Fred Ahlborn of Columbus spent the weekend with their parents, Mr. and Mrs. Howard Ahlborn and Mr. and Mrs. Jack Baker.

Miss Ruth Davis of Columbus and Mrs. Richard Strabley and children of Lisbon visited Sunday with their parents, Mr. and Mrs. S. R. Davis.

Mr. and Mrs. G. E. Reder and family visited this week with Mr. and Mrs. Mickey Flynn of R.D.

## France Due Nuclear Rockets At Fixed Sites

PARIS (AP) — France will have nuclear missiles at fixed sites in southern France by 1968, Defense Minister Pierre Messmer says.

Messmer told a news conference Wednesday testing and production of the missiles would begin next year.

France's nuclear arm will be borne aloft by 50 supersonic Mirage IV bombers which will be operational next year, he said.

# *Case Institute Award Received By Californian*

CLEVELAND (AP)—Luis W. Alvarez, a California physics professor, has received the $5,000 Albert A. Michelson award of Case Institute of Technology.

Alvarez, professor at the University of California, said he intends to explore the second pyramid of Egypt by using cosmic rays to detect chambers he believes have been hidden for centuries.

The physicist won awards for his work on radar and aircraft landing systems in World War II. He was awarded the prize before a dinner audience of 800 Wednesday night.

He said he will work with Egyptian scientists in an effort to find a network of chambers and passages in the 500-foot-high second pyramid—built by Chephren, son Cheops who built the first and largest pryamid.

Alvarez said a cosmic ray detector will be placed in the one known chamber of the pyramid. Incoming rays will be analyzed to check their intensity. He said the greater intensity of the rays would indicate the location of other unknown chambers.

The Michaelson Award was named for Case Tech's first professor of physics and America's first Nobel Prize winner in the sciences.

# Comet Ends Celestial Show, Heading Back Into Oblivion

By RALPH DIGHTON
AP Science Writer

HONOLULU (AP) — Blazing Ikeya-Seki, first comet in 83 years bright enough to be seen in daylight, whipped around the sun today and headed back into oblivion.

Astronomers here and on the American mainland watched the celestial spectacle across 93 million miles of space. Its 80,000-mile-diameter head was followed by a streaming 20-million-mile tail.

But its brilliance was mostly overpowered by the sun, which it approached to within 300,000 to 800,000 miles. Not one observer aboard a National Aeronautics and Space Administration jet plane saw the comet.

From the ground, however, Dr. George van Biesbroeck, one of the world's foremost authorities on comets and a member of the airborne NASA expedition, viewed it plainly.

He called it "extremely bright — 1,000 times brighter than the planet Venus."

Clouds blocked Hawaiians' view of the comet late Wednesday, but earlier it could be seen without binoculars, just south of the sun.

The comet left scientists puzzled by several mysteries. Delicate instruments detected internal heat and the presence of sodium, calcium and iron. Comets were believed to be cold and made up of nitrogen gas loosely combined with chunks of rock.

## Results Of URW Vote Due Today Or Friday

BARBERTON, Ohio (AP) — Results were expected either today or Friday on the voting of some 950 members of United Rubber Workers Local 18 of the Seiberling Tire & Rubber Co.

Joseph Ford, chairman of the election committee, said results may not be known until Friday because of the volume of votes cast. Two of the three ballots cast were for delegates to the URW and to the AFL-CIO. The third ballot was for election of local officials.

## Clevelander Sentenced To Life For Murder

CLEVELAND (AP)—A Clevelander has been sentenced to life imprisonment in the Ohio Penitentiary for the slaying of Raymond Blatnik, 20, of Cleveland.

Joseph Donato, 21, pleaded guilty in court to the second-degree murder charge Monday. He was charged with killing Blatnik May 27 near the victim's home following an argument.

## Wreck Injuries Fatal

CLEVELAND (AP) — A Clevelander died Wednesday at a hospital of injuries suffered in an Oct. 7 traffic accident. Thomas Lee, 83, was struck by a car.

# Midland Area Fund Drive Draws Closer To Its Goal

The Midland Area United Fund drive has reached 78.5 per cent of its goal.

At the second report meeting this week at Midland High School, pledges and contributions totaling $50,271 were disclosed. The goal is $63,975.

The volunteers were urged to intensify their efforts by Robert C. Gilroy of New Brighton Township, general campaign chairman, at a Board of Directors meeting following the report.

Several divisions of the Midland drive are lagging and Gilroy stressed that funds are being collected for 43 health and welfare agencies and not just one. These agencies help 50,000 Beaver countians annually.

At the first report meeting Oct. 4, 45 per cent of the goal had been accomplished. A special meeting will be held next Monday night.

The final report meeting is set for Nov. 1.

Three divisions — education, building trades and transportation and industry — and residential solicitation, have not made reports to date.

Two divisions have surpassed their goals. Real estate and insurance, with Paul McGeehan of Midland as chairman, has reported $135, or 117 per cent of the $115 goal. Public service, with Charles L. Finley of Midland as chairman, has totaled $527, or 106 per cent of the goal.

The standings of other divisions are: manufacturing, $48,586, or 86 per cent; special gifts, $89, or 66 per cent; medical-dental, $310, or 84 per cent; attorneys and funeral homes, $50 or 45 per cent; clubs and organizations, $60, or 75 per cent; government, $174, or 54 per cent; retail trade, $200, or 21 per cent; Midland residential, $79, or 30 per cent; Ohioville Borough, $33, or 55 per cent, and Meadowbrook, $28, or 33 per cent.

Charles Kurcina of Ohioville, a drive co-chairman and chairman of Crucible Midland Works employe solicitation, reported the plant collection is running 5 to 10 per cent above last year.

Kurcina, vice president, presided at the directors' meeting.

# *Three Share Nobel Prize For Physics*

STOCKHOLM (AP)—The 1965 Nobel Prize for physics was awarded jointly today to two Americans and a Japanese — Julian Schwinger of Harvard, Richard Feynman of the California Institute of Technology, and Sin-Itiro Tomonago of Japan.

The Royal Swedish Academy of Science said the award was given for "their fundamental work in quantum electrodynamics, with deep-ploughing consequences for the physics of elementary particles."

The prize money—about $55,000—will be shared equally by the three winners.

Tomonaga, 59, is the oldest of the three scientists. For several years he has headed a group of researchers in the field of theoretical physics at the Tokyo University of Education, a branch of Tokyo University.

Schwinger and Feynman are both 47, and both were born in New York City.

Schwinger studied at Columbia University, took his doctor's degree in 1939 and worked at Purdue University before joining the Harvard faculty at Cambridge, Mass.

Feynman studied at the Massacusetts Institute of Technology and took his doctor's degree at Princeton in 1942. During the war he worked partly at Princeton and partly at the nuclear research laboratory at Los Alamos, N.M.

His early and decisive contributions to quantum electronics were made at Cornell University, Ithaca, N.Y., where he held a chair in physics 1945-51. He moved to Caltech in Pasadena in 1951.

## Chamber's Survey

# Gains Continued By Area Indices

East Liverpool district business and industrial indices closed the third quarter at levels well ahead of the points they attained in the first nine months of 1964, the Chamber of Commerce said today in its monthly summary of conditions.

Gains in the first three quarters were shown in 11 of the 13 indices surveyed regularly. One was down and another was unchanged. A comparison of August and September activity showed gains in four indices last month, with declines in eight and one unchanged.

—:—

**THE INCREASES** in the first three quarters were listed for bank clearings and debits, postal receipts, industrial payrolls and employment, inbound and outbound railroad carloadings, river freight tonnage, new car sales and parking meter receipts. Meanwhile, the city's relief case load was down.

Eleven area industrial plants disbursed $12,432,984 in payrolls for the first three quarters of the year, a gain of 12.4 per cent from the $11,057,639 shown at the same time in 1964. The plants' payrolls totaled $1,382,329 in September, up 9.6 per cent from the $1,260,984 in August.

Employment at the same plants averaged 3,679 monthly through the first three quarters, up 2.3 per cent from the 3,598 average shown at the same time in 1964. The firms had 3,786 on the job in September, virtually unchanged from the 3,806 in August.

—:—

**OUTBOUND** carloadings hit 3,952 for the first three quarters, an increase of 10.5 per cent from the 3,576 shown at the same time in 1964. Outbound carloadings totaled 438 in September, a decline of 11.5 per cent from August's 495.

Inbound carloadings totaled 2,231 for the first nine months, a gain of 3.4 per cent from the 2,158 listed for the first three quarters of 1964. The September inbound carloadings hit 271, up 6.3 per cent from the 255 in August.

District dams locked through 4,464 tows in the first nine months of this year, virtually unchanged from the 4,501 shown at the same time in 1964. The dams handled 476 tows in September, off 7.4 per cent from the 514 in August.

The river traffic in the first three quarters represented 15,298,660 tons of freight, an increase of 3.6 per cent from the 14,761,300 tons at the same time in 1964. The September tonnage was 1,566,000, a decline of 12.3 per cent from the 1,785,500 tons shown in August.

City parking meter receipts hit $49,572 for the first three quarters of the year, a gain of 7 per cent from the $46,315 shown at the same time in 1964. They reached $6,440 in September, an increase of 61.2 per cent from the $3,996 in August.

—:—

**THE CITY'S** relief case load averaged 52 monthly in the first three quarters of the year, a decline of 46.9 per cent from the average of 98 shown at the same time in 1964. September's case load was 41, a gain of 17.1 per cent from the 35 in August.

New car sales in Columbiana County totaled 3,537 for the first nine months of the year, a boost of 10.1 per cent from the 3,212 shown at the same time in 1964. September's car sales totaled 283, off 22.5 per cent from the 365 in August.

Used car sales totaled 9,450 in the first three quarters of 1965, a decline of 3 per cent from the 9,747 at the same in 1964. September's used car sales hit 750, off 23.1 per cent from the 975 in August.

Bank clearings reached $39,341,646 for the first three quarters of the year, a gain of 24.9 per cent from the $31,509,781 at the same time in 1964. They hit $3,868,037 in September, off 8.3 per cent from the $4,219,268 in August.

Bank debits averaged $32,131,333 monthly in the first three quarters of 1965, an increase of 22.8 per cent from the $22,175,064 average shown at the same time in 1964. They stood at $32,593,329 in September, down 2.6 per cent from the $33,467,081 shown in August.

Postal receipts totaled $196,618 in the first three quarters, a boost of 2.1 per cent from the $192,543 shown at the same time in 1964. The receipts hit $22,345 in September, gaining 10.6 per cent over the $20,206 listed in August.

# Wilson Ready To Take Off For Rhodesia

LONDON (AP) — Prime Minister Harold Wilson is reported ready today to fly to Rhodesia for another personal attempt to end the crisis over the white settlers' bid for independence.

Political correspondents of major British newspapers said Wilson's projected mission was the reason for his visit to Queen Elizabeth II Wednesday night. The prime minister has to have the monarch's approval to leave the country.

Officials of Wilson's government believed Rhodesian Prime Minister Ian Smith's communication to Wilson Wednesday indicated the Rhodesian government is ready to talk some more about independence rather than proclaim it immediately.

Smith proposed that Britain grant the central African colony independence under the 1961 constitution. He appealed for trust that the white Rhodesians would "abide by the principles" of the constitution and offered to conclude "a solemn treaty to guarantee our undertaking."

Smith said his Cabinet had reached a decision on "what our next step should be." Without saying what the decision was, he said its implementation "and the consequences which flow from it now depend entirely on your response to this appeal I now make at this 11th hour."

Independence talks broke down last week over Britain's insistance that provision he made for the self-governing colony's four million Africans to take over the government ultimately from the 250,000 whites.

Wilson has maintained that the 1961 constitution does not contain satisfactory guarantees for ultimate majority rule.

Wilson spelled out five conditions for granting Rhodesia statehood, including guarantees (1) of unimpeded progress toward African rule, (2) against regressive amendments to the constitution, (3) to improve the political status of the Africans now, (4) of repeal of all racially discriminatory laws, and (5) to insure that an independence settlement is acceptable to the Rhodesian people as a whole.

Smith in his message to Wilson contended that the constitution "covers your five principles if only you will admit it. They are enshrined there for all to see."

# Shift In Pay Period Hasn't Put Extra Money In Ohio Till

COLUMBUS, Ohio (AP)—Giving pay checks to all state employes every other Friday, instead of twice a month, has cut bookkeeping work considerably, Finance Director Richard Krabach said today.

But the shift ordered by the legislature to place the last 12,000 employes on the two-week pay period basis hasn't otherwise given the state any extra money in the till, although by yearend all salary checks will be 10 days behind actual time worked.

This is because 30,000 employes, whose pay has been delayed 15 days, were shifted to a delay of only 10 days, Krabach explained. Another 2,000 employes already on a 10 - day delay basis, remained unchanged.

The last legislature approved pay increases of $4.8 million for fiscal 1965, nearly $6.8 million for the following year and changed the pay period to every other Friday with a 10-day delay.

To accomplish the delay, pay checks on a "current" basis were ordered reduced gradually until the last pay period in December. Under that arrangement, some employes receiving raises actually got smaller pay checks to accomplish the 10-day delay, it was explained.

But any leaving state employment will receive payment in full for the 10-day period, Krabach said.

The pay lag allows department heads to certify payrolls for the full time worked, he added.

When the 12,000 employes were paid on a current basis, about 3,000 checks had to be changed every month because those workers were off a day or so during the 10-day period for which payrolls were certified.

A sizeable staff was kept busy making out new checks under that system, it was explained. Most of that work was eliminated with the change, Krabach said.

But shifting 30,000 employes from a 15-day delay in pay to one of only 10 days gave them slightly higher pay checks and more than offset the change for 12,000 workers on a current basis to the 10-day period, Krabach said. He also said that numerous employes are paid out of rotary and special funds, making the impact on the general fund less than otherwise anticipated.

Chamber's Survey

# Gains Continued By Area Indices

East Liverpool district business and industrial indices closed the third quarter at levels well ahead of the points they attained in the first nine months of 1964, the Chamber of Commerce said today in its monthly summary of conditions.

Gains in the first three quarters were shown in 11 of the 13 indices surveyed regularly. One was down and another was unchanged. A comparison of August and September activity showed gains in four indices last month, with declines in eight and one unchanged.

—:—

**THE INCREASES** in the first three quarters were listed for bank clearings and debits, postal receipts, industrial payrolls and employment, inbound and outbound railroad carloadings, river freight tonnage, new car sales and parking meter receipts. Meanwhile, the city's relief case load was down.

Eleven area industrial plants disbursed $12,432,984 in payrolls for the first three quarters of the year, a gain of 12.4 per cent from the $11,057,639 shown at the same time in 1964. The plants' payrolls totaled $1,382,329 in September, up 9.6 per cent from the $1,260,984 in August.

Employment at the same plants averaged 3,679 monthly through the first three quarters, up 2.3 per cent from the 3,598 average shown at the same time in 1964. The firms had 3,786 on the job in September, virtually unchanged from the 3,806 in August.

—:—

**OUTBOUND** carloadings hit 3,952 for the first three quarters, an increase of 10.5 per cent from the 3,576 shown at the same time in 1964. Outbound carloadings totaled 438 in September, a decline of 11.5 per cent from August's 495.

Inbound carloadings totaled 2,231 for the first nine months, a gain of 3.4 per cent from the 2,158 listed for the first three quarters of 1964. The September inbound carloadings hit 271, up 6.3 per cent from the 255 in August.

District dams locked through 4,464 tows in the first nine months of this year, virtually unchanged from the 4,501 shown at the same time in 1964. The dams handled 476 tows in September, off 7.4 per cent from the 514 in August.

The river traffic in the first three quarters represented 15,298,660 tons of freight, an increase of 3.6 per cent from the 14,761,300 tons at the same time in 1964. The September tonnage was 1,566,000, a decline of 12.3 per cent from the 1,785,500 tons shown in August.

City parking meter receipts hit $49,572 for the first three quarters of the year, a gain of 7 per cent from the $46,315 shown at the same time in 1964. They reached $6,440 in September, an increase of 61.2 per cent from the $3,996 in August.

—:—

**THE CITY'S** relief case load averaged 52 monthly in the first three quarters of the year, a decline of 46.9 per cent from the average of 98 shown at the same time in 1964. September's case load was 41, a gain of 17.1 per cent from the 35 in August.

New car sales in Columbiana County totaled 3,537 for the first nine months of the year, a boost of 10.1 per cent from the 3,212 shown at the same time in 1964. September's car sales totaled 283, off 22.5 per cent from the 365 in August.

Used car sales totaled 9,450 in the first three quarters of 1965, a decline of 3 per cent from the 9,747 at the same in 1964. September's used car sales hit 750, off 23.1 per cent from the 975 in August.

Bank clearings reached $39,341,646 for the first three quarters of the year, a gain of 24.9 per cent from the $31,509,781 at the same time in 1964. They hit $3,868,037 in September, off 8.3 per cent from the $4,219,268 in August.

Bank debits averaged $32,131,333 monthly in the first three quarters of 1965, an increase of 22.8 per cent from the $22,175,064 average shown at the same time in 1964. They stood at $32,593,329 in September, down 2.6 per cent from the $33,467,081 shown in August.

Postal receipts totaled $196,618 in the first three quarters, a boost of 2.1 per cent from the $192,543 shown at the same time in 1964. The receipts hit $22,345 in September, gaining 10.6 per cent over the $20,206 listed in August.

## Wilson Ready To Take Off For Rhodesia

LONDON (AP) — Prime Minister Harold Wilson reported ready today to fly to Rhodesia for another personal attempt to end the crisis over the white settlers' bid for independence.

Political correspondents of major British newspapers said Wilson's projected mission was the reason for his visit to Queen Elizabeth II Wednesday night. The prime minister has to have the monarch's approval to leave the country.

Officials of Wilson's government believed Rhodesian Prime Minister Ian Smith's communication to Wilson Wednesday indicated the Rhodesian government is ready to talk some more about independence rather than proclaim it immediately.

Smith proposed that Britain grant the central African colony independence under the 1961 constitution. He appealed for trust that the white Rhodesians would "abide by the principles" of the constitution and offered to conclude "a solemn treaty to guarantee our undertaking."

Smith said his Cabinet had reached a decision on "what our next step should be." Without saying what the decision was, he said its implementation "and the consequences which flow from it now depend entirely on your response to this appeal I now make at this 11th hour."

Independence talks broke down last week over Britain's insistance that provision he made for the self-governing colony's four million Africans to take over the government ultimately from the 250,000 whites.

Wilson has maintained that the 1961 constitution does not contain satisfactory guarantees for ultimate majority rule.

Wilson spelled out five conditions for granting Rhodesia statehood, including guarantees (1) of unimpeded progress toward African rule, (2) against regressive amendments to the constitution, (3) to improve the political status of the Africans now, (4) of repeal of all racially discriminatory laws, and (5) to insure that an independence settlement is acceptable to the Rhodesian people as a whole.

Smith in his message to Wilson contended that the constitution "covers your five principles if only you will admit it. They are enshrined there for all to see."

# Out Of The Air

By RICHARD DOAN

## *The Marines Are Coming To TV*

ABC has decided that Marines' contribution to World War II as a source of weekly television entertainment has been neglected long enough. Besides, the network has done very well with "Combat," glorifying the foot solider in the European Theater fighting, and "McHale's Navy," kidding the sailors' wartime life in the South Pacific and currently in the Mediterranean.

Richard Doan

-:-

SO ABC is preparing to film a story of the Leathernecks' role in the island-hopping war against Japan. The hour-long weekly drama will be called "Attack!" and it will star Gary Conway, a regular last season in "Burke's Law," and Warren Oates, last featured several seasons back in "Stoney Burke."

A pilot episode will be filmed starting later this month in Hawaii, with James Whitmore and Dan O'Herlihy as guest stars.

If "Attack!" becomes a series on ABC next fall, it will be filmed regularly in Hawaii.

-:-

THE PILOT SCRIPT, which is set in Guadalcanal, has been written by Gene L. Coon, who has written for "Combat" and is author of a number of novels of wartime life in the South Pacific. Coon knew it himself as a lieutenant colonel in the Marine Corps.

The sample show will be produced by Gene Leavitt, a Marine major in World War II.

Plans for the pilot were disclosed here by Selig J. Seligman, head of Selmur Productions, an ABC subsidiary which turns out "Combat." Seligman, based in Hollywood, was in New York conferring with Edgar J. Scherick, network program chief, prior to going to Hawaii to shoot the "Attack!" pilot.

-:-

"NIGHTLIFE," ABC's year-old attempt to move into the late-night arena so long dominated by NBC's "Tonight" show, will be washed out around the middle of next month.

At the moment there is no plan by the network to trying something new in the post-11 p.m. hours. The time probably will be turned back to the affiliated stations to program locally.

Les Crane, restored to his host role on "Nightlife" after an interval in which guest celebrities were rotated into the pivotal chore, was moved from New York to Hollywood this fall in hopes that some of the movie town aura would rub off on the show. The gambit didn't work.

ABC officials have vowed in the past they were in the late-night competition to stay. Late-ly there has been talk of trying a soap opera or some other type of diversion in this time.

It is just possible—although no one at the network has said no—that ABC's faltering take-off in the fall prime-time ratings sweepstakes has convinced the brass that they have more urgent things to think about than trying to knock off Johnny Carson.

-:-

MILTON BERLE will turn up later this season on CBS' "Trials of O'Brien" in the dramatic role of a baggy pants burlesque top banana.

The characterization is sure to remind veteran TV watchers of Uncle Miltie's capers when he ruled TV in the days of "Star Theater."

The episode of the Peter Falk nonhero lawyer series in which Berle will appear went into production in New York last week with a cast including such other guest stars as Hal March, Rita Moreno and Danny Dayton.

The title of the story is "Drop Dead on Flugel Street." It will be the 13th episode in the series.

Berle recently got NBC to rewrite his long-term contract, removing the exclusivity clause. He was on CBS' "What's My Line?" panel last Sunday.

-:-

A CLASSIC CLASH of TV specials will occur Friday, Oct. 29. At 10 that night ABC will present a David Wolper-produced commentary on the country's "Teen-age Revolution," narrated by Van Heflin and dealing with the increasingly dominat role young people are playing in today's society.

At the same hour CBS will bring on a "Miss Teen-Age America Pageant," a parade of adolescent pulchritude calculated to lure the girl watchers.

## Parks' Camping Areas Due To Remain Open

COLUMBUS, Ohio (AP) — Camping areas in Ohio's state parks normally close as of the third Sunday in October, but it was announced Wednesday they will remain open this year until cold weather forces them to close. Campsites affected are those in class A and B areas, which supply showers, flush toilets and similar facilities.

It was also announced that a drawdown scheduled to start Wednesday on Lake Logan in Hocking County has been put off until Oct. 27 to permit duck hunters continued use of the lake.

## Lots Of Buffaloes

GAFFNEY, S. C. (AP) — The man who broke into a pool hall here and stole $90 will have plenty of change for a while. The entire loot he stole was in nickels—1,800 of them.

## Halloween Party Plans Advanced At Lawrenceville

Donald VanDyke, second vice commander, reported on plans for the annual Halloween party when the Lawrenceville American Legion met Monday night at the post.

The party will be held Oct. 30 from 2 to 5 p. m. for members of the American Legion and children of the Lawrenceville hill district, VanDyke said.

D. J. Price, commander, appointed various committees for selecting Christmas gifts for members and for making arrangements for the New Year's Eve party.

The commander named Charles Huffman chaplain to replace Glenn Gill, who died this month. Joe Blankenship was named publicity officer and Dean Nonamaker child welfare officer.

Plans were discussed for cementing the driveway leading into the lot adjacent to the post.

Thirty - five attended.

The closing prayer, offered by Huffman, was dedicated to the former chaplain.

The next meeting will be Nov. 1.

## *Boy Acts Up Because He Feels Inferior*

A mother writes from Texas of her son, 10, with a married brother 23. "On an IQ Test he is above average. He failed third grade, went to summer school and made it up. Failed the fourth grade last year and is now failing it again. He is much oversize for his age and is very sensitive about it "Our son makes failing grades in reading, spelling and arithmetic, but A's in music and art. He loves science and social studies and makes C's and D's in them.

Dr. Garry Myers

"Every teacher says Don is a nice sweet child, considerate of others, but about twice a week acts up in class to the point where he has to be sent out of the room.

—:—

"HE SHIES away from boys his age. Says all they do is argue and fight and that he doesn't want to fight because he doesn't want to hurt anybody. In fact, ten-year-old boys do not like him; call him 'baby' and 'sissy.'

"I do not work outside the home. His father is good to him, but due to past illness cannot be too active with him. Instead of showing Don how to fight, play ball, etc., he merely tells him to get in there and learn how—the way he (the father) learned. His father takes him with him whenever he goes out, but loses patience with him because he doesn't act like a normal ten-year-old.

"Please tell me what I can do about our son's learning problems at school and how I can help him to act like a normal ten-year-old."

My reply in part:

—:—

NO DOUBT your son "acts up in class" because he feels inferior and wishes to do something to attract attention. You hardly can hope to deal with his school conduct directly. Put your trust in your indirect influence at home.

The main problem is to help him succeed in ways which will be approved of by other persons, especially other children. It is fine that Dad goes places with him; also he should often take along one or two other boys of Don's age.

Do show great interest over his excellence in art and music. Find easier books for him to read than his regular school books. Read to and with him his assignments in science and social science, you and Dad. I have a notion you could afford at almost any sacrifice to have a tutor to work with him half an hour or more a day.

—:—

MOST OF all you need to attract some other boys of his age to your home, one at first—more later when you can study your son and guide him in ways to be a better playmate.

Don't look for quick improvement. Trust to a long, patient program. Attract him to the Scouting program. Plan entering him in a camp next summer.

The married brother might wish to help you in good ways with this boy.

## Halloween Party Plans Advanced At Lawrenceville

Donald VanDyke, second vice commander, reported on plans for the annual Halloween party when the Lawrenceville American Legion met Monday night at the post.

The party will be held Oct. 30 from 2 to 5 p. m. for members of the American Legion and children of the Lawrenceville hill district, VanDyke said.

D. J. Price, commander, appointed various committees for selecting Christmas gifts for members and for making arrangements for the New Year's Eve party.

The commander named Charles Huffman chaplain to replace Glenn Gill, who died this month. Joe Blankenship was named publicity officer and Dean Nonamaker child welfare officer.

Plans were discussed for cementing the driveway leading into the lot adjacent to the post.

Thirty - five attended.

The closing prayer, offered by Huffman, was dedicated to the former chaplain.

The next meeting will be Nov. 1.

# Bringing Up A Family

By Dr. GARRY MYERS

## *Boy Acts Up Because He Feels Inferior*

A mother writes from Texas of her son, 10, with a married brother 23. "On an IQ Test he is above average. He failed third grade, went to summer school and made it up. Failed the fourth grade last year and is now failing it again. He is much oversize for his age and is very sensitive about it. "Our son makes failing grades in reading, spelling and arithmetic, but A's in music and art. He loves science and social studies and makes C's and D's in them.

Dr. Garry Myers

"Every teacher says Don is a nice sweet child, considerate of others, but about twice a week acts up in class to the point where he has to be sent out of the room.

—:—

**"HE SHIES** away from boys his age. Says all they do is argue and fight and that he doesn't want to fight because he doesn't want to hurt anybody. In fact, ten-year-old boys do not like him; call him 'baby' and 'sissy.'

"I do not work outside the home. His father is good to him, but due to past illness cannot be too active with him. Instead of showing Don how to fight, play ball, etc., he merely tells him to get in there and learn how—the way he (the father) learned. His father takes him with him whenever he goes out, but loses patience with him because he doesn't act like a normal ten-year-old.

"Please tell me what I can do about our son's learning problems at school and how I can help him to act like a normal ten-year-old."

My reply in part:

—:—

**NO DOUBT** your son "acts up in class" because he feels inferior and wishes to do something to attract attention. You hardly can hope to deal with his school conduct directly. Put your trust in your indirect influence at home.

The main problem is to help him succeed in ways which will be approved of by other persons, especially other children. It is fine that Dad goes places with him; also he should often take along one or two other boys of Don's age.

Do show great interest over his excellence in art and music. Find easier books for him to read than his regular school books. Read to and with him his assignments in science and social science, you and Dad. I have a notion you could afford at almost any sacrifice to have a tutor to work with him half an hour or more a day.

—:—

**MOST OF** all you need to attract some other boys of his age to your home, one at first—more later when you can study your son and guide him in ways to be a better playmate.

Don't look for quick improvement. Trust to a long, patient program. Attract him to the Scouting program. Plan entering him in a camp next summer.

The married brother might wish to help you in good ways with this boy.

# Ann Landers

## ANSWERS YOUR PROBLEMS

Dear Ann Landers: Why don't people keep their mouths shut when they don't know what they are talking about? My niece was married last year. Lorraine had a beautiful white wedding. If ever a girl deserved to wear white she did. Lorraine had such a saintly quality about her that if anyone said "hell" in her presence they felt ashamed.

Lorraine became pregnant on her honeymoon. The baby was born three days short of nine months. The tongues wagged all over town and everyone was busy counting.

The word got around that the baby was "a little early." One woman who didn't realize I was sitting behind her at a ladies aid meeting whispered to the person next to her, "Lorraine of all people. It just goes to show you can never tell about anybody."

Will you please explain to these ignorant busybodies that a baby can be born any time in the ninth month? Thank you. —MAD AUNT.

-:-

**Dear Aunt: Of course, babies can be born anytime in the ninth month but busybodies don't want an explanation. They'd rather talk. Now is a good time to remember that the Lord gave us two ears so all the rubbish we hear can go in one and out the other.**

—:—

### Petty Thievery

Dear Ann: I'm bookkeeper and cashier in an office which employes 20 people. I'm responsible for the petty cash.

Usually there's about $35 in the petty cash drawer. In the last six months every time I've checked the drawer it has been short. Certain people have fallen into the habit of borrowing anywhere from 25 cents to $5. The borrowers used to put in IOU slips but they don't bother any more.

Every week I have go around and ask who is in hock to the drawer. At the moment there's an $11 shortage which I can't account for.

Two people are on vacation and one is out sick.

If you have a solution I'd like to hear it.—J.

-:-

**Dear J.: A petty cash drawer, into which anyone may dip when he has the shorts, is an engraved invitation to steal.**

**Such a setup is a poor one for both the employes and the company. Call in all "loans" and announce that in the future only one person will have access to the drawer—You. Then keep the cash locked up and relax.**

—:—

### Smothered By Mother

Dear Ann: I'm a 15-year-old girl and my parents won't let me grow up. Their parents let them grow up. Why won't they do as much for me?

I'm now a freshman in high school. My mother has arranged with my dad to leave the car in the morning and drive to work with a neighbor so she can chauffeur me to and from school.

Ann, I don't want to be chauffeured to and from school. It's only 10 minutes by bus and on a nice day I can walk. But no, she insists it's her duty.

I have begged for an alarm clock of my own for two years but my mother says "No. I will get you up." She picks out the clothes she wants me to wear every day. If I select my own she is hurt.

Can you get to the nitty gritty of this and give me some help? I am—LIKE SUFFOCATING.

—:—

**Dear Like: Your signature is an apt one. The word suffocating is a synonym for being smothered and you are. Your mother is not giving you room to breathe and grow.**

**A 15-year-old girl should be allowed to get to school and back on her own. She should be permitted to select her own clothes. And finally, she should be able to get out of bed in the morning without help.**

**If you think it will do some good, show this column to your mother. If you don't think it will help, show it to her anyway. You may be agreeably surprised.**

---

**Ann Landers will be glad to help you with your problems. Send them to her in care of the Review, enclosing a stamped, self-addressed envelope.**

## *Man Convicted Second Time In Life For Murder*

CINCINNATI (AP)—For the second time in his life, John McIntosh, 52, has been convicted of murder.

He was convicted the second time Wednesday for the killing four years ago of his stepson, Michael McIntosh, 30.

That murder apparently stemmed from the testimony the stepson gave at McIntosh's first murder trial in 1952, when he was convicted of killing Carl Hyatt, assistant prosecutor Calvin W. Prem said.

McIntosh was found guilty Wednesday of first degree murder by a three-judge panel in common pleas court. The judges recommended mercy and sentenced him to life in prison.

McIntosh was tried on a first degree murder charge in 1952, but was convicted of second degree and also sentenced to life. Former Gov. Michael V. DiSalle commuted that conviction to manslaughter and McIntosh was paroled in 1960.

McIntosh waived a jury for the second murder trial. His lawyers asked for acquittal, or mercy, on grounds he was insane when Michael McIntosh was shot June 11, 1961.

The judges ruled that McIntosh was legally sane.

The 1952 killing was the result of a dispute over car payments.

## Tiny Break In Retina Of Duke's Eye Fixed

NEW YORK (AP) — A small break in the retina of the Duke of Windsor's right eye has been repaired in a hospital, and the team of eye specialists who did the work say the difficulty should not recur.

The 30-minute repair was done Wednesday at the Eye Institute of Columbia Presbyterian Medical Center.

The 71-year-old former king of England should be able to leave the medical center by the end of this week, the hospital said. He was admitted Wednesday.

## *Make Water Work For Us, OVIA Advised*

CINCINNATI (AP) — "We must find ways of making water work for us, instead of being its victims during floods," says Sen. Allen J. Ellender, D-La.

"Something must be done now, not tomorrow if we are to continue our prosperity through the use of water," Ellender said Wednesday at the 70th anniversary meeting of the Ohio Valley Improvement Association Inc.

Ellender and U. S. Rep. Michael J. Kirwan, D-Ohio, received awards from the association for the work in Congress on development of water resources.

Ellender said, "Water is not inexhaustible and that to save our land resources from floods we must make water work for all the people.

"We must reuse and keep water where it falls instead of allowing it to flow down our streams to the ocean either spreading destruction or going to waste."

Ellender cited the recent drought in the northeastern part of the country, and said it took a "great calamity" like this "to wake these people up and to realize that projects proposed by the corps of engineers were both practical and necessary.

"These people have now seen the light," he said, "and want all the help they can get from the federal government and in fact they want more than their share."

Kirwan echoed Ellender's remarks and said, "America can no longer afford to just coast along on the development of our water resources."

## 2 Killed When Truck Jackknifes, Hits Car

BOWLING GREEN, Ohio (AP)—A tractor - trailer rig jackknifed on rain-slick U. S. 25 south of here late Wednesday and collided headon with a car, killing the car's driver and a passenger.

The Ohio Highway Patrol said the truck was slowlingg down to enter a weigh station when the vehicle jackknifed and crossed the medial strip, ramming a car driven by Paul E. Hoepf, 29, of Carey.

Hoepf was dead on arrival at a hospital here. His passenger, Frank Royer, 49, of Findlay, died in the hospital later.

## Charged In Shooting

DALLAS, Tex. (AP) — Mrs. Winthrop Rockefeller has entered Parkland Hospital for a sprained cervical spine, commonly called a "whiplash" injury, received in a New York City traffic accident earlier in the day.

Mrs. Rockefeller, president of the National Association for Mental Health, was en route Wednesday to Austin, Tex., where she was to speak.

Rockefeller said his wife suffered the neck injury when the taxicab she was in skidded en route to Kennedy Airport.

Parkland Hospital described her condition as good.

# Big Red Eleven Has Come Long Way In One Season

Steubenville Big Red, East Liverpool's opponent Friday night has come a long way in one year.

After a losing season in 1964 which was Abe Bryan's first year as head coach, Big Red has blossomed into one of the state powers.

The Potters scored what seemed to be an easy 24-12 victory a year ago but Friday night East Liverpool will go into the game as underdog.

Steubenville held a 5-0 record before meeting mighty Massillon last week and gave the Tigers a real scare before bowing in the last five minutes, 20-14. Big Red had led 14-12 until the Tigers punched across the winning touchdown.

Bryan announced his lineup would remain the same as Big Red came out of the Massillon game without any injuries.

Steubenville has blended a powerful running attack headed by the one-two punch of Mike Palmer, a 160-pound junior and Bob Smith, 165 pound senior fullback. Massillon found it difficult to stop the powerful sweeps of the Big Red which puts out an Army of blockers in front of Palmer and Smith.

Rounding out the backfield will be Bob Endres at quarterback and Bob Booth at right halfback. Endres has shown he is a steady passer if the Big Red elect to go to the air.

The Big Red line is not huge but the forward wall can move. At the ends will be Dwight Sims, 155-pound junior and Larry Sesto, 145-pound senior.

Sims, who is used on the receiving team, returned a kickoff 81-yards against Massillon last week. Defensively he blocked four punts in Steubenville's first two games.

The starting tackles will be Byarie Jones, 190 pound senior and Mitchell Bass, 190-pound junior. Al Checca, 170-pound senior and Keith Monroe, 160-pound junior have drawn the guard spots with George Sarap, 155-pound junior at center.

Big Red opened the season with a 12-6 victory over a strong Akron St. Vincent team which gave Steubenville its toughest struggle.

Victories followed over Cleveland Glenville, 38-0, Weirton 45-19, Hamilton Garfield, 29-7 and Wellsville 40-8.

## Grid Deaths Rise To 21 With 2 More

By The Associated Press

High school football fatalities have mushroomed to 21 this season with two more deaths Wednesday.

The latest casualties were Sam Wortham, a 17-year-old fullback on the Titusville (Fla.) High School team, and Leslie Pitts, 17-year-old guard for Orangeville (Ill.) High School.

Wortham died in Orange Memorial Hospital in Orlando, Fla. of a brain hemmorrhage five days after collapsing in a huddle during a game at Melbourne.

Coach John Gaines said films of the game showed no blows which could have caused Wortham's injury. The youngster was his team's leading scorer.

Pitts, a 160-pound senior, fell to the ground unconscious after blocking a defensive player in a game against Galena Friday night. The youngster never regained consciousness and died at St. Clare Hospital in Monroe, Wis.

Pitts suffered what was described as a mild concussion Sept. 24 in a game against the sophomore squad of Rockford East High School. He was released from a hospital after a four-day stay.

A week before Pitts was injured, Dr. Frank P. Smith, clinical associate professor and chairman of the division of neurological surgery at the University of Rochester, told a conference of 200 high school coaches, trainers and administrators that a player who continues in a game after a bruising tackle or block is a candidate for a fatal injury.

"We know from experience that it is the groggy player who is most likely to be killed," Dr. Smith said.

He urged the coaches not to accept the players' word that he is "okay" after an injury.

There were 45 football deaths across the country last year, 34 in 1963 and 26 in 1962.

## Indians Gabe Paul Eyed As Next Baseball Chief

By JOE REICHLER
Associated Press Sports Writer

CHICAGO (AP) — There is growing sentiment among the major league club owners to set the wheels in motion for a draft of Gabe Paul, part owner of the Cleveland Indians, as the next commissioner of baseball.

The inability of the owners to muster appreciable support Wednesday for a single candidate outside the confines of baseball has changed the moguls thinking again.

Most of the owners once again favor a ruler from their own ranks.

Paul's most enthusiastic supporter is Bill DeWitt, owner of the Cincinnati Reds. DeWitt originally proposed Paul but the president of the Indians subsequently asked that he not be considered.

"And I put it in writing, too," Paul emphasized.

Undaunted, DeWitt said he plans to try again.

"A man can always change his mind," said DeWitt, "especially if it is in the best interests of baseball."

Paul preceded DeWitt as president of the Reds before leaving Cincinnati to become general manager and eventually president of the Cleveland club.

What started out as a list of 18 candidates when the club owners gathered Tuesday was reduced substantially with five men emerging as the leading candidates before the new development.

These five were Eugene M. Zuckert, secretary of the Air Force; Curtis E. LeMay, former chief of staff and head of the Strategic Air Command; G. Keith Funston, president of the New York Stock Exchange; Joe Cronin, president of the American League, and Louis Carroll, legal counsel for the National League.

Not one of these, however, could gather enough support to warrant even an unofficial ballot. Fourteen votes — seven from each league — are required for election.

When that fact became obvious, the co-chairmen of the screening committee, John Fetzer of Detroit and John Galbreath of Pittsburgh requested what they call an "advisory ballot," confining the candidates to men in baseball.

Ballots were passed out and the owners were asked to name their choice. Paul, according to reports, came through strongly in the unofficial balloting as did Cronin and Carroll.

The voting breakdown was unavailable.

"Paul would be very much acceptable to the owners if he made himself available," said a prominent club owner who did not want to be identified. "I feel he can get the necessary amount of votes."

In any event, the election of a successor to Ford Frick will not take place until the annual major league winter meetings in Miami Beach, Dec. 2.

The owners entrusted the screening committee with the job of contacting and interviewing the candidates and reporting back with recommendations to the Dec. 2 meeting.

The committee was enlarged by the addition of owners Phil Wrigley of the Chicago Cubs and Bob Reynolds of the California Angels.

The owners cleared the way for the next commissioner by making a blueprint and drawing up recommendations for his administration.

Five distinct administrative positions, proposed by Reynolds and Dodger owner Walter O'Malley, were ratified. They were:

1. An administrator, not unlike the present secretary-treasurer of baseball.
2. Director of player affairs.
3. Director for public information.
4. Director for broadcasting.
5. Director for amateur baseball, encompassing Little League, American Legion, high school and college baseball.

This group will serve as a sort of cabinet for the commissioner.

## Sugar Ray Scores KO In 3rd Round

STEUBENVILLE—Five time middleweight champion Sugar Ray Robinson still had enough of that sweet punch left to dispose of Rudolph Bent, middleweight king of Jamaica, with 2:20 gone in the third round here Wednesday night at the Community Arena.

A crowd estimated at 3,000 saw the 44-year-old Robinson continue on the comeback trail as he floored Bent once in the first round then sent him crashing to the canvas three times in the third round before the end came for Bent.

Robinson, who will appear in Pittsburgh Nov. 10, has one of the most amazing records in boxing. In 197 fights, he has won 172 and scored 108 KO's.

Robinson won the welterweight title in 1946 when he defeated Tommy Bell in Madison Square Garden. Sugar Ray defended his title five times before he won the middleweight crown from Jake LaMotta by a 13 round KO in 1951. In the next seven years Sugar Ray won and lost the title five times.

Last night's show which included four bouts saw veteran Carmen Iacabucci win an unanimous decision to dethrone Cowboy Billy Smith for the North American Flyweight title in a 12 rounder.

Hard hitting Doug Agin of Zanesville who now owns a 21-1-1 record added his 14th KO last night when he put Norman Springs of Cincinnati away in 31 seconds of the eighth round to decide the Ohio lightweight title.

A four rounder to open the card found John Bauer scoring a TKO in the first round over Herman Dunbar of Pittsburgh.

## Russel Leads Celtics Win Over Lakers

By The Associated Press

As long as they have Big Bill Russell, the champion Boston Celtics are the team to beat for the National Basketball Association title.

Big Bill, the highest-paid player in the NBA with a $100,000 contract, has led the Celtics to seven straight NBA championships. The former All-America from the University of San Francisco demonstrated anew his value to the Celtics Wednesday night in leading Boston to a 100-96 victory over the Los Angeles Lakers.

The Lakers, with a team reported to be their best in six years, had been touted as the club that would end the Celtics' championship reign this year. But the Lakers suffered their first defeat after victories over San Francisco and St. Louis.

Russell grabbed a total of 29 rebounds and contributed 10 points as the Celtics spurted in the last quarter to wipe out a 77-74 Laker lead. An 11-point spree put the Celtics on top 85-78 and they stayed in front the rest of the way.

Sam Jones was high for Boston with 30 points. Jerry West, although cut over his right eye early in the game, paaced the Lakers with 24.

Detroit beat New York 116-103 and Baltimore whipped St. Louis 119-99 in the other two NBA games scheduled Wednesday.

## Royals Gain Dierking And Ex-Duke Star

CINCINNATI (AP) — Former University of Cincinnati star Connie Dierking and three-time All-America Art Heyman of Duke University have been acquired by the Cincinnati Royals in a trade with San Francisco.

The Royals sent Bud Olsen, former University of Louisville player and a three-year veteran of the National Basketball Association club, to the Warriors, plus an undisclosed amount of cash, it was announced Wednesday.

Dierking, 6-foot-9½, has already reported to the Royals. He'll be used as a back up for veteran center Wayne Embry, coach Jack McMahon said.

Heyman, 6-5, is scheduled to report today. He was drafted by the New York Nicks and then traded to San Francisco.

The 6-8 Olsen was used largely in relief by the Royals.

McMahon described the trade as a "good deal. We had to do something. We hated to give up Bud because we still feel he has a lot of potential to really make it big in this league."

The Royals have lost three of their first four games. Their next game is Oct. 28 against the Boston Celtics.

### Hull Signs New Pact With Chicago Hawks

CHICAGO (AP) — Bobby Hull, National Hockey League star, has signed a new contract with the Chicago Black Hawks.

Terms were reported to include a "substantial increase" over his estimated $32,000 salary. The Hawks said he signed after conferring with Co-Owner Jim Norris and General Manager Tommy Ivan prior to the All-Star Game in Montreal Wednesday night.

Hull said he was jesting last winter when he told a reporter during a Hawaiian vacation that he was shooting for a $100,000-a-year salary. The new pact, reportedly for a year, may raise him to the $50,000 category.

## Boyer First To Feel Bite, Goes To Mets For Jackson

ST. LOUIS (AP) — Ken Boyer, one of the greatest third basemen in St. Louis Cardinal history, has become the first to feel the bite of the Cardinals' plummet from world champion to seventh place in the National League.

Boyer, the Cardinal captain, was traded Wednesday to the New York Mets for left-handed pitcher Al Jackson and third baseman Charley Smith. An unnamed triple-A player also will be sent to the Mets.

"If they started making trades, it figures that the older players would be the first to go," said the 34-year-old, $60,000-a-year power hitter.

If this is true, Boyer may be followed by others. Shortstop Dick Groat, who fell from a .292 batting average in 1964, to .254 last season, will be 35 next month. Left-hander Curt Simmons, who dropped to a 9-15 record after an 18-9 season, is 36. And right-hander Bob Purkey, who was ineffective at 10-9, is 36.

Boyer, however, was the biggest disappointment. Only one year ago, he was named the National League's Most Valuable Player. He was the hero who helped the Cardinals win the pennant with a .296 batting average, 24 home runs and a league-leading 119 runs batted in.

As a result, he shouldered much of the blame in the 1965 collapse, hitting only .260 with 13 homers and 74 RBI. He was hampered much of the season by a back injury.

Now, after 11 seasons with the Cardinals in which he hit 255 home runs, drove in 1,001 runs and averaged just under .300, Boyer is in a position of having to make a comeback.

"Seventeen years is a long time," he mused, referring to his association with the Cardinals. "I wouldn't be truthful if I didn't say I was sorry to be leaving."

Smith, 28, has bounced around with several teams for six years, only three as a regular. With the Mets he has hit .244 and .239 in two seasons, slammed 36 homers and driven in 120 runs.

Jackson, who will be 30 in December, has been with the Mets for four seasons, with records of 2-20, 13-17, 11-16 and 8-20. He features a sinking fast ball.

## Trophies Given At Ladies Golf League Banquet

Trophies were presented when the Pleasant Hills Ladies Golf Association held its banquet at Piatt's Tea Room in Wellsville, Monday.

Trophies in the first flight went to Leota Fry for gross and Dean Adkins for net. In the second flight, Ruby Lamb won gross and Mildred Siegman took net. The third flight winners were Pat Straka, gross and Charlotte Reed, net.

New officers were elected with Dean Adkins, president, Betty Adkins, vice president and Dot Patrick, secretary-treasurer.

### Trout Is Stocked

Rainbow trout will be stocked Friday in Caldwell's Spruce Lake on Route 428 near Rogers. Trout will range from one to three pounds and the lake will be opened daily from 8 a. m. until dark.

## Saimes Cited On Defense

NEW YORK (AP) — George Saimes, a student of the theory of relativity and the safety blitz, has been named the Defensive Player of the Week in the American Football League by The Associated Press.

Saimes, a Michigan Stat alumnus who came to the Bills as a running back, blitzed quarterback Pete Beathard from his safety post, jarred the ball loose, recovered after teammate Roland McDole fumbled, and ran 18 yards for his first pro touchdown.

"You have to give Saimes credit for the big play on defense," said Coach Lou Saban of the Bills after their 23-7 victory over Kansas City. "He came in on the blitz, hit Beathard and scored the touchdown that really put it out of reach."

Saimes also had three tackles and knocked down two passes in the Bisons' five defensive effort.

### Gordie Howe Sparks 5-2 All-Star Victory

MONTREAL (AP) — Gordi Howe, who's played in more All-Star games than any other player in National Hockey League history, showed the Montreal Canadiens why in the 19th annual classic Wednesday night.

Howe, at 37, starting his 20th season with Detroit, scored two goals and assisted on two others sparking the All-Stars' 5-2 comeback triumph over the Stanley Cup champion Canadiens in a packed Montreal Forum.

NHL teams mark time now until Saturday when the regular season starts with Detroit at Montreal and Chicago at Toronto.

# Sugar Ray Scores KO In 3rd Round

STEUBENVILLE—Five time middleweight champion Sugar Ray Robinson still had enough of that sweet punch left to dispose of Rudolph Bent, middleweight king of Jamaica, with 2:20 gone in the third round here Wednesday night at the Community Arena.

A crowd estimated at 3,000 saw the 44-year-old Robinson continue on the comeback trail as he floored Bent once in the first round then sent him crashing to the canvas three times in the third round before the end came for Bent.

Robinson, who will appear in Pittsburgh Nov. 10, has one of the most amazing records in boxing. In 197 fights, he has won 172 and scored 108 KO's.

Robinson won the welterweight title in 1946 when he defeated Tommy Bell in Madison Square Garden. Sugar Ray defended his title five times before he won the middleweight crown from Jake LaMotta by a 13 round KO in 1951. In the next seven years Sugar Ray won and lost the title five times.

Last night's show which included four bouts saw veteran Carmen Iacabucci win an unanimous decision to dethrone Cowboy Billy Smith for the North American Flyweight title in a 12 rounder.

Hard hitting Doug Agin of Zanesville who now owns a 21-1-1 record added his 14th KO last night when he put Norman Springs of Cincinnati away in 31 seconds of the eighth round to decide the Ohio lightweight title.

A four rounder to open the card found John Bauer scoring a TKO in the first round over Herman Dunbar of Pittsburgh.

# Tiger Rates Slim Nod On Giardello

NEW YORK (AP) — The odds favoring challenger Dick Tiger of Nigeria dropped to 7-5 over middleweight champion Joey Giardello today and may even swing the other way by the time they climb into the ring tonight for their 15-round title fight.

Tiger, 36, was installed 3-1 by the odds-makers on Broadway when the Madison Square Garden fight was made several months ago. Since then the price has been dropping down as more support came in for the 35-year-old champion from Cherry Hill, N.J.

The aggressive, hard-hitting Nigerian was a 3-1 betting favorite the night he lost the title to the ring-smart Giardello at Atlantic City, N.J., Dec. 7, 1963.

"For the life of me I can't figure why the odds favor Tiger," said Giardello Wednesday night. "I beat him the last two times I fought him."

Tiger is hoping that the referee, who will be named at fight time, will prevent Giardello from excessive holding.

"I believe my chances are much stronger here than they were in Atlantic City," said the articulate Nigerian. "In that first fight the referee permitted him to get away with a lot of holding. I'm hoping he'll be forced to fight here.

"I am confident that with the proper officiating I will be able to defeat him."

The return fight has caught fire here and may lure a capacity crowd of 18,000 and a gross gate of $150,000 at prices ranging from $5 to $20. Fight time is 10 p.m., EDT (9 p.m., EST).

The fight will be telecast into homes over a regional network, covering mostly Eastern cities. The metropolitan New York area will be blacked out of the telecast. There will be a local radio broadcast.

Giardello, a veteran of 18 years of pro fighting, has been guaranteed $50,000 or the privilege of 40 per cent of the net gate and television receipts. Tiger, a pro 14 years, will collect $15,000 or 20 per cent of the package.

Giardello's won-lost-draw record is 98-22-7, including 32 knockouts. He's been stopped three times on cuts but the last time was seven years ago. The champion can take a good punch.

Tiger's record is 51-14-3 including 24 kayos. He's never been stopped.

Scoring will be by the rounds sytem. The referee and two judges will be named at fight time.

Both have been under the 160-pound weight limit for some time. Neither expects any trouble with the scales at the noon weigh-in.

## N. Dakota Team Is Picked No. 1

By The Associated Press

North Dakota State, which had averaged 44 points per game in rolling past its first five opponents and gaining the top spot on The Associated Press small college poll, won game No. 6 over bitter rival North Dakota by only 6-3 but strengthened its hold on the top spot.

The Bisons received seven first-place ballots and totaled 139 points in voting by a panel of sportswriters and broadcasters.

Florida A&M remained in the No. 2 slot after beating Morris Brown 23-7 and trailed North Dakota State by 44 points — three more than a week ago.

## Cincinnati Considered For Franchise In CFL

LEXINGTON, Ky. (AP)—An application from a Cincinnati, Ohio, group for a franchise in the Continental Football League is one of eight being considered for next year, Commissioner A. B. (Happy) Chandler said Wednesday.

Chandler said that next year's expansion would be limited to two teams. Also under consideration, he said, are entry applications from Birmingham, Ala.; Jacksonville, Fla.; Montreal, Canada; Phoenix, Ariz.; Brooklyn, N.Y.; Minneapolis-St. Paul, Minn., and San Juan, Puerto Rico.

Navy used three quarterbacks in an attempt to overcome a 7-0 Syracuse lead in the opening game for both teams. Syracuse won 14-6.

## Casper Leads Sahara Event By 2 Strokes

LAS VEGAS, Nev. (AP)—Bill Casper Jr., who trailed second by one stroke at the finish a year ago, set out Thursday leading by two strokes in the second round of the $100,000 Sahara Invitational golf tournament.

The 34-year-old Californian apparently had a firm grip at this stage in this eighth annual event on the PGA autumn tour.

But there was the foreboding figure of Jack Nicklaus, five strokes back with 54 holes to play.

And the weather and the condition of the greens, which tend to speed up in the late afternoon hot weather, figured to change the picture for the immediate challengers for first place.

Virtually all the low scorers in Wednesday's first round started early and finished early, including Casper. Nicklaus was a late starter.

Casper opened up with a five-under par 66. Bobby Nichols and Dave Hill had 68s, and 10 others jammed the 69 bracket. Eight more were tied at 70, and Nicklaus and nine companions were clustered at 71.

Play is at the 7,069-yard Paradise Valley Country Club, where par is 36-35—71.

Gary Bauer, 24-year-old pro from Fresno, Calif., who is the smallest man on the tournament circuit at 5-foot-6, 118 pounds, got a hole-in-one with an eight-iron on the 167-yard 16th hole. He finished with a 74.

# Bruce Explains Success Ingredients At Massillon

By HAL PARIS
Associated Press Sports Writer

MASSILLON, Ohio (AP) — Mighty Massillon, the state's No. 1 ranked high school team, may have the horses to keep winning football games.

But it takes more than just sheer talent and outstanding coaching to whip up a winner.

Coach Earle Bruce, 34, the Ohio State graduate who guides the Tigers, has a positive philosophy on what makes Massillon a scholastic power.

"Desire to win and community support are two major contributing factors in the Massillon success story," Bruce said.

"Sure it helps if you have the material and the coaching but you can't catch the winning bug without the other ingredients."

Bruce, in his second year at the Tiger helm, is currently riding a 6-0 season. He guided Massillon to a perfect 10-0 season in 1964 and the mythical state championship, the tenth time the Tigers have earned such honors.

The popular Bruce, a native of Cumberland, Md., started his coaching career as an assistant at Mansfield Senior soon after graduating in 1953.

He spent three years at Mansfield, four as head coach at Salem and another four at Sandusky where his teams compiled a 34-3-3 record.

Bruce succeeded Leo Strang at Massillon after Strang built a formidable record and moved on to Kent State.

Massillon, a Stark County community with a population estimated at 35,000, gives its wholehearted support to the Tiger football program.

The school, Washington High, is one of the few in the nation with a stadium that has a seating capacity of more than 20,000.

"We've averaged about 12,000 a game and probably will have more than 18,000 when unbeaten Warren comes to town."

Massillon hasn't lost since early in 1963 when Akron Garfield turned in a 13-6 upset. The Tigers won a 24-game winning streak and face unbeaten Altoona, a Pennsylvania power, Saturday night.

Bruce is reluctant to compare this year's club with the 1964 edition but he points out that "this year's opponents have been tougher."

The Tigers have swept aside Cleveland Glenville, 50-0; Cleveland Benedictine 29-12; Mansfield 38-12; Alliance 22-6; Niles McKinley 22-8 and Steubenville 20-14.

"I have nothing but the highest regard for Benedictine and Steubenville, Bruce said. "They have tremendous football teams."

Bruce's immediate goal is to keep the Tigers on the winning trail but he admits he's looking forward to bigger things.

"Naturally, I would hope that someday I could move on to college coaching. I think that's every coach's dream."

## Howard Gains Player Award

NEW YORK (AP) — Frank Howard, the towering, former Dodger who became a big man in Washington, has been chosen the American League's Comeback Player of the Year for 1965.

The 6-foot-7 outfielder drew 61 votes in the annual Associated Press poll of 281 sports writers and sportscasters. The results announced today showed that Minnesota pitcher Jim Grant was second with 58 votes followed by Norm Cash, Detroit first baseman, with 24.

Howard boosted his batting average 63 points the past season, finishing with .289 compared to .226 with the Los Angeles Dodgers in 1964. The Senators obtained him last winter, sending pitcher Claude Osteen, infielder John Kennedy, first baseman Dick Nen and an estimated $100,000 to Los Angeles. Pitchers Phil Ortega and Pete Richert accompanied Howard to the nation's capital.

## Pair Unhurt When Engine 'Slices' Auto

By the matter of a few inches, a Bedford couple was alive today after the front of their auto was literally sliced off by a rapidly - moving freight train at the Route 45 crossing near Salem Wednesday.

Paul K. Rhodes, 66, and his wife, Ethel, 61, escaped injury when the front of their 1961 sedan was sheared off by a Pennsylvania Railroad locomotive late yesterday morning.

The Ohio Highway Patrol at Lisbon said Rhodes, headed south, had driven onto the tracks, then realizing a train was approaching, attempted to back off. But before he could do so, the locomotive, operated by Jack E. Pool, 44, of Crestline ripped off the fender and grill of the car.

Flasher lights at the crossing just south of Salem have been moved from the customary side of the highway to an overhead position because of a construction project nearby, officers said, and Rhodes apparently did not see the warning signals.

## 2 Drivers Cited When Cars Ram Others In Front

Two drivers were cited by the Ohio Highway Patrol at Lisbon Wednesday after their cars rammed other vehicles in front of them. No one was injured.

John W. Geer, 71, of 685 N. Market St., East Palestine, was charged after his 1965 sedan hit the rear of another auto on Route 154, about three miles west of Negley, at 4:55 p. m.

Geer's auto, headed west, struck the back of a 1955 coach operated by Gary Grant Grossen, 21, of Negley R.D. 1, who had halted to make a left turn onto a township road.

Thomas C. Wheeler, 38, of Campbell was cited after his car, headed north on Route 7, hit another auto about four miles south of Rogers at 6:15 p. m.

Officers said Wheeler's 1957 sedan struck the rear of a 1959 sedan driven by Charlene Cox, 22, of Warren, who had stopped behind another vehicle making a left turn.

## Earnings Gains Listed By Ferro

CLEVELAND — An 18 per cent increase in earnings on an increase of 9 per cent in sales enabled the Ferro Corp. to achieve the fourth consecutive year of increases at the end of the third quarter.

Sales of $74,006,000 in the first nine months of 1965 compare with $67,682,000 in 1964. Earnings of $3,236,000 compare with $2,727,000 last year. Per share earnings rose from $1.59 per share on 1,715,912 shares to $1.85 per share on 1,745,551 shares outstanding at the end of Sept. 30. The 1964 earnings are adjusted for the two for one split made in December 1964.

In the third quarter, sales increased to $25,061,000 from $22,503,000 the previous year.

Major increases in sales were accounted for by the products sold in the plastic industry, including chemicals, colorants, fiber glass and Cordo materials. Modest gains were also shown in the ceramic products business and international operations.

## A Super Salesman

ST. JOSEPH, Mo. (AP) — Don Miller, who is disposing of his automobile agency after 53 years as an automobile dealer, estimates that he has sold more than 100,000 cars, new and used, during the time he has been in the business.

In 19 years as a coach, Red Auerbach's basketball teams have won 884, lost 453. Auerbach is the only NBA coach who did not play in league competition.

## Creates Exemption

ST. LOUIS, Mo. (AP) — An 18-year-old boy told police why he burglarized three apartments in University City, Mo., and stole a television set from a St. Louis home. He said he had heard that anyone with a criminal record would be exempt from the draft.

# This Was Traffic-Stopper

Traffic was held up in both directions on the Chester Bridge Wednesday morning while this huge conical "Thoroblender" made by the Patterson Division of Patterson Industries, Inc., made its way across the span en route to the Koppers Co. Kobuta Plant on the south side of Beaver County.

East Liverpool and Chester police blocked traffic on both sides of the span, while the device, 15 feet in diameter, was moved across the bridge on a lowboy trailer.

Rotating on bearings, the machine has a 150-horsepower drive. Used to blend plastic pellets, it is the first of four such units that will be built for Koppers at Kobuta. The machine is fabricated of stainless steel.

The Thoroblender moved along Route 30 to Route 18, then along Route 18 to the Kobuta plant.

## Findlay No. 1 In NAIA Race

KANSAS CITY (AP) — Unbeaten Findlay College of Ohio has the top spot in this week's National Association of Intercollegiate Athletics (NAIA) football ratings.

The Oilers, who have won five straight including a 31-3 victory over tough Ohio Northern last Saturday, overtook Concordia of Minnesota for first place. Concordia was beaten by Hamline and dropped from first to 14th.

Findlay — second last week —was named No. 1 on 10 of the ballots and complied a total of 137 points to 124 for second-place St. John's of Minnesota.

Findlay also received votes in the Associated Press' poll, covering teams in the NCAA's College Division, but not enough to make the top 10.

Also receiving votes in this week's AP poll were Wittenberg, last year's small college champion, and unbeaten Youngstown.

## Injuries Prove Fatal

CLEVELAND (AP) — Renee Ameen, 6, of Parma died in a hospital Wednesday of injuries suffered earlier when she was struck by a car in front of her home. Renee was the daughter of Mr. and Mrs. George K. Ameen.

Southern Hills in Tulsa, Okla., is regarded as an outstanding golf course. It was the scene of the 1965 U. S. Amateur and the 1958 U. S. open was played there.

## Boy Burned By Gasoline, 16 Others Suffer Injuries

A Boy burned when gasoline was tossed on a burning stump and three others hurt playing football were among 17 area residents treated at City Hospital after mishaps Wednesday.

Michael Duffy, son of James Duffy of 822 Riverview St., received first - and second - degree burns of the right hand and lower legs last night. He was burning a tree stump when another youth threw gasoline on the stump and the fuel exploded.

Victor Buchheit, son of James Buchheit of 241 W. Church Ln., suffered a possible fracture and dislocation of the left hand while playing football.

Donald Quimby, stepson of Francis McCune of 131 Beechwood St., received a possible fracture of the right shoulder while playing football at East Junior High School.

Also hurt playing football was William Howell, son of Mrs. Isabell Howell of Price St., who was treated for bruises of the left knee.

John Martin Finley, son of John Finley of Georgetown, received a fractured right leg while playing soccer in a school gym class.

Donald Hildebrand of 6th Ave., LaCroft, suffered a hand injury while playing baketball.

Robert Tatgenhorst of Glenmoor was treated last night for a laceration of the scalp after he bumped against a cabinet at home.

Linda Howell, daughter of Hayden Howell of 1529 Lisbon St., suffered a cut on the armpit in a fall against a chest at home.

Jayne Wolfe, daughter of Mrs. Ralph Wolfe of 519 Carolina Ave., Chester, received a sprained ankle in a fall from a terrace in the yard at home.

In a fall on concrete, Vermal McComas, son of Vermal McComas of 313 Grant St., suffered a cut knee.

Floyd Schulte, son of Mrs. Floyd Schulte of New Cumberland R. D. 1, was treated for a cut on the forehead after he fell against a wall.

Sara Talkington, daughter of Dean Talkington of Birch Rd., stepped on a spade, suffering a puncture wound of the left foot.

John Barnard, son of John Barnard of 306 W. 3rd St., received a cut on the head when struck with a hammer by another child.

Goldie Young of Lisbon St. was treated for lacerations and bruises of fingers of the left hand when it became caught in a car door.

In a fall from a tree, Jason Chase, son of Mrs. Betty Stark of Annesley Rd., received a sprained elbow.

Everett Cassaday, son of Everett Cassaday of 537 Palissey St., suffered a cut forehead in a fall at home.

Gaynell Cunningham of Chester R.D. 1 received a possible fractured wrist in a fall.

## Weir Steel Aide Dies In Hospital In Canyon Case

DAVIS, W. Va. (AP)—Sylvester J. Daugherty, 57, of Steubenville, Ohio, who was found unconscious in a canyon Tuesday, died Wednesday in Tucker County hospital.

Doctors said death apparently was due to a heart attack.

Boys from a forestry camp found Davis in Blackwater Canyon near here and brought him out. A metallurgist for the Weirton Steel Co., Daugherty apparently had been taking pictures in the canyon when he was stricken.

## Speaker Will Discuss 'The Uninvited Guests'

SALEM — "The Uninvited Guests," a reference to household insect pests, will be the subject of the speaker at a meeting sponsored by the Columbiana and Mahoning county cooperative extension services Nov. 1 from 1 to 3 p. m. at the Home Savings and Loan Community room here.

The speaker, William Delaplane, an entomology specialist at Ohio State University, will analyze pest problems and their prevention.

"Just a nanosecond, Joe, you've got chads on your sleeve," is typical of the fast-developing language of computers. A glossary of terms used in the automatic data processing field defines a nanosecond as a billionth of one second. A chad is a small bit of paper punched from a card when it is perforated to record information.

## Dinner Event Set By Farm Bureau

LISBON — An official of the Ohio Farm Bureau Federation will be guest speaker at the dinner Tuesday at 7:30 p. m. at the East Fairfield Methodist Church sponsored by the Columbiana County Farm Bureau.

He is Morris Allton, director, of public affairs.

Farm bureau members who pay their 1966 dues will get a reduction of 50 cents on the dinner ticket, it was announced.

Tickets may be obtained from farm bureau or cooperative board members and employes or at the Lisbon Farm Bureau Office. Reservations must be made with the Lisbon office by Friday.

## 400 Vehicle Emblems Sold In 4-H Project

LISBON — Nearly 400 "slow-moving" vehicle emblems have been sold by Columbiana County 4-H Junior Leaders.

They must be visible from the rear of all farm and other machinery when operated at a speed of 25 miles per hour or less on a highway, according to a state law which will become effective April 1, 1966.

A check for $400 was presented Tuesday by Sally Converse of Leetonia R. D., treasurer of the Junior Leaders, to officials of the Farmers National Bank at Salem as payment of a loan obtained in the summer by Junior Leaders to purchase a supply of the signs. Approximately 50 Junior Leaders participated in the program.

Several emblems are still available through the Cooperative Extension Service in Lisbon, according to Robert Lewis, extension agent in 4-H.

## Glenmoor Group Postpones Action To Incorporate

Plans for a proposed incorporation of the Glenmoor area as a village were tabled at a meeting of some 45 residents Wednesday night at the Glenmoor fire station.

George Hamilton, president of the Glenmoor Fire Department Association, said the action to seek incorporation was postponed in an effort to obtain broader support within the community.

He said some 250 signatures were obtained on four petitions circulated in recent weeks, but it was believed there were not enough attending last night's meeting as an expression of needed backing.

Hamilton said it is estimated there are about 2,500 residing in the area under consideration for incorporation.

Joseph Baronzzi, Lisbon attorney, answered questions.

## Allison Reviews Convention For PTA At Chester

Thayer Allison, principal, reviewed the highlights of the West Virginia Education Association's 100th anniversary convention held last Thursday and Friday in Charleston when the Chester Primary Parent-Teacher Association met Wednesday night in the multi-purpose room of the school.

The PTA was given permission by the Board of Education to purchase playground equipment for the playground at the school.

Halloween treats will be purchased for school children.

The attendance banner was won by the first grade, taught by Mrs. Paul Pattison.

Forty-two new members were enrolled.

Donald Theiss presided.

Refreshments were served to 80 by Mrs. Harold West and the committee. Table decorations were in keeping with the Halloween season.

The next meeting will be Nov. 10 at the school.

## Route 344 To Close For Crossing Repairs

LISBON — Route 344 between Leetonia and Columbiana will be closed Monday through Friday by the Ohio Highway Department to permit the Pennsylvania Railroad Co. to repair a double track crossing near the Kaiser Refractories Division plant.

A detour has been planned over Routes 164 and 558 by the department. The closing will start Monday at 7 a. m. and the road is scheduled to be reopened Friday at 4 p. m., officials said.

# Bruce Explains Success Ingredients At Massillon

By HAL PARIS
Associated Press Sports Writer

MASSILLON, Ohio (AP) — Mighty Massillon, the state's No. 1 ranked high school team, may have the horses to keep winning football games.

But it takes more than just sheer talent and outstanding coaching to whip up a winner.

Coach Earle Bruce, 34, the Ohio State graduate who guides the Tigers, has a positive philosophy on what makes Massillon a scholastic power.

"Desire to win and community support are two major contributing factors in the Massillon success story," Bruce said.

"Sure it helps if you have the material and the coaching but you can't catch the winning bug without the other ingredients."

Bruce, in his second year at the Tiger helm, is currently riding a 6-0 season. He guided Massillon to a perfect 10-0 season in 1964 and the mythical state championship, the tenth time the Tigers have earned such honors.

The popular Bruce, a native of Cumberland, Md., started his coaching career as an assistant at Mansfield Senior soon after graduating in 1953.

He spent three years at Mansfield, four as head coach at Salem and another four at Sandusky where his teams compiled a 34-3-3 record.

Bruce succeeded Leo Strang at Massillon after Strang built a formidable record and moved on to Kent State.

Massillon, a Stark County community with a population estimated at 35,000, gives its wholehearted support to the Tiger football program.

The school, Washington High, is one of the few in the nation with a stadium that has a seating capacity of more than 20,000.

"We've averaged about 12,000 a game and probably will have more than 18,000 when unbeaten Warren comes to town."

Massillon hasn't lost since early in 1963 when Akron Garfield turned in a 13-6 upset. The Tigers won a 24-game winning streak and face unbeaten Altoona, a Pennsylvania power, Saturday night.

Bruce is reluctant to compare this year's club with the 1964 edition but he points out that "this year's opponents have been tougher."

The Tigers have swept aside Cleveland Glenville, 50-0; Cleveland Benedictine 29-12; Mansfield 38-12; Alliance 22-6; Niles McKinley 22-8 and Steubenville 20-14.

"I have nothing but the highest regard for Benedictine and Steubenville, Bruce said. "They have tremendous football teams."

Bruce's immediate goal is to keep the Tigers on the winning trail but he admits he's looking forward to bigger things.

"Naturally, I would hope that someday I could move on to college coaching. I think that's every coach's dream."

## Howard Gains Player Award

NEW YORK (AP) — Frank Howard, the towering, former Dodger who became a big man in Washington, has been chosen the American League's Comeback Player of the Year for 1965.

The 6-foot-7 outfielder drew 61 votes in the annual Associated Press poll of 281 sports writers and sportscasters. The results announced today showed that Minnesota pitcher Jim Grant was second with 58 votes followed by Norm Cash, Detroit first baseman, with 24.

Howard boosted his batting average 63 points the past season, finishing with .289 compared to .226 with the Los Angeles Dodgers in 1964. The Senators obtained him last winter, sending pitcher Claude Osteen, infielder John Kennedy, first baseman Dick Nen and an estimated $100,000 to Los Angeles. Pitchers Phil Ortega and Pete Richert accompanied Howard to the nation's capital.

## Pair Unhurt When Engine 'Slices' Auto

By the matter of a few inches, a Bedford couple was alive today after the front of their auto was literally sliced off by a rapidly - moving freight train at the Route 45 crossing near Salem Wednesday.

Paul K. Rhodes, 66, and his wife, Ethel, 61, escaped injury when the front of their 1961 sedan was sheared off by a Pennsylvania Railroad locomotive late yesterday morning.

The Ohio Highway Patrol at Lisbon said Rhodes, headed south, had driven onto the tracks, then realizing a train was approaching, attempted to back off. But before he could do so, the locomotive, operated by Jack E. Pool, 44, of Crestline ripped off the fender and grill of the car.

Flasher lights at the crossing just south of Salem have been moved from the customary side of the highway to an overhead position because of a construction project nearby, officers said, and Rhodes apparently did not see the warning signals.

## 2 Drivers Cited When Cars Ram Others In Front

Two drivers were cited by the Ohio Highway Patrol at Lisbon Wednesday after their cars rammed other vehicles in front of them. No one was injured.

John W. Geer, 71, of 685 N. Market St., East Palestine, was charged after his 1965 sedan hit the rear of another auto on Route 154, about three miles west of Negley, at 4:55 p. m.

Geer's auto, headed west, struck the back of a 1955 coach operated by Gary Grant Grossen, 21, of Negley R.D. 1, who had halted to make a left turn onto a township road.

Thomas C. Wheeler, 38, of Campbell was cited after his car, headed north on Route 7, hit another auto about four miles south of Rogers at 6:15 p. m.

Officers said Wheeler's 1957 sedan struck the rear of a 1959 sedan driven by Charlene Cox, 22, of Warren, who had stopped behind another vehicle making a left turn.

## Earnings Gains Listed By Ferro

CLEVELAND — An 18 per cent increase in earnings on an increase of 9 per cent in sales enabled the Ferro Corp. to achieve the fourth consecutive year of increases at the end of the third quarter.

Sales of $74,006,000 in the first nine months of 1965 compare with $67,682,000 in 1964. Earnings of $3,236,000 compare with $2,727,000 last year. Per share earnings rose from $1.59 per share on 1,715,912 shares to $1.85 per share on 1,745,551 shares outstanding at the end of Sept. 30. The 1964 earnings are adjusted for the two for one split made in December 1964.

In the third quarter, sales increased to $25,061,000 from $22,503,000 the previous year.

Major increases in sales were accounted for by the products sold in the plastic industry, including chemicals, colorants, fiber glass and Cordo materials. Modest gains were also shown in the ceramic products business and international operations.

## Creates Exemption

ST. LOUIS, Mo. (AP) — An 18-year-old boy told police why he burglarized three apartments in University City, Mo., and stole a television set from a St. Louis home. He said he had heard that anyone with a criminal record would be exempt from the draft.

# This Was Traffic-Stopper

Traffic was held up in both directions on the Chester Bridge Wednesday morning while this huge conical "Thoroblender" made by the Patterson Division of Patterson Industries, Inc., made its way across the span en route to the Koppers Co. Kobuta Plant on the south side of Beaver County.

East Liverpool and Chester police blocked traffic on both sides of the span, while the device, 15 feet in diameter, was moved across the bridge on a lowboy trailer.

Rotating on bearings, the machine has a 150-horsepower drive. Used to blend plastic pellets, it is the first of four such units that will be built for Koppers at Kobuta. The machine is fabricated of stainless steel.

The Thoroblender moved along Route 30 to Route 18, then along Route 18 to the Kobuta plant.

## Glenmoor Group Postpones Action To Incorporate

Plans for a proposed incorporation of the Glenmoor area as a village were tabled at a meeting of some 45 residents Wednesday night at the Glenmoor fire station.

George Hamilton, president of the Glenmoor Fire Department Association, said the action to seek incorporation was postponed in an effort to obtain broader support within the community.

He said some 250 signatures were obtained on four petitions circulated in recent weeks, but it was believed there were not enough attending last night's meeting as an expression of needed backing.

Hamilton said it is estimated there are about 2,500 residing in the area under consideration for incorporation.

Joseph Baronzzi, Lisbon attorney, answered questions.

## Allison Reviews Convention For PTA At Chester

Thayer Allison, principal, reviewed the highlights of the West Virginia Education Association's 100th anniversary convention held last Thursday and Friday in Charleston when the Chester Primary Parent-Teacher Association met Wednesday night in the multi-purpose room of the school.

The PTA was given permission by the Board of Education to purchase playground equipment for the playground at the school.

## Findlay No. 1 In NAIA Race

KANSAS CITY (AP) — Unbeaten Findlay College of Ohio has the top spot in this week's National Association of Intercollegiate Athletics (NAIA) football ratings.

The Oilers, who have won five straight including a 31-3 victory over tough Ohio Northern last Saturday, overtook Concordia of Minnesota for first place. Concordia was beaten by Hamline and dropped from first to 14th.

Findlay — second last week —was named No. 1 on 10 of the ballots and complied a total of 137 points to 124 for second-place St. John's of Minnesota.

Findlay also received votes in the Associated Press' poll, covering teams in the NCAA's College Division, but not enough to make the top 10.

Also receiving votes in this week's AP poll were Wittenberg, last year's small college champion, and unbeaten Youngstown.

### Injuries Prove Fatal

CLEVELAND (AP) — Renee Ameen, 6, of Parma died in a hospital Wednesday of injuries suffered earlier when she was struck by a car in front of her home. Renee was the daughter of Mr. and Mrs. George K. Ameen.

Southern Hills in Tulsa, Okla., is regarded as an outstanding golf course. It was the scene of the 1965 U. S. Amateur and the 1958 U. S. open was played there.

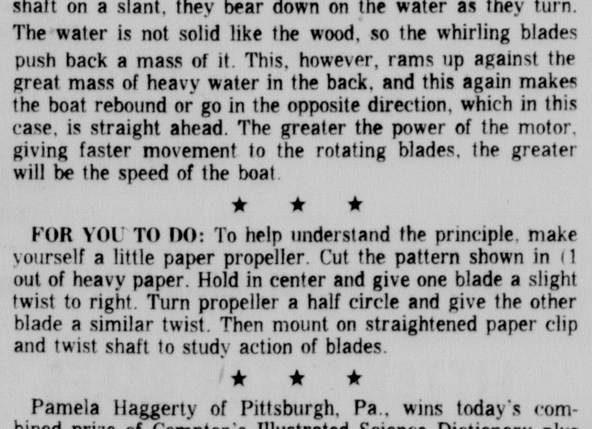
## Junior Editors Quiz on PROPELLERS



*QUESTION: How does a propeller drives a boat forward?*

★ ★ ★

**ANSWER:** A boat's propeller works on the principle of the common screw. Twisted around the central shank of the screw is the thread, which has a raised central edge, slanting away on the sides. We show a bit of wood between the threads of our picture of a screw. Imagine this screw turned to the right and you will see that the thread above to the right will bear down on the bit of wood and try to push it to the left. But then imagine this bit of wood is part of a solid piece around the screw which it can't move back. There is no-where for the turning screw to go but straight ahead into the wood, which it can do because it has a pointed tip. Now look at the propeller drawing to the right. The blades are, in this case, turning from right to left or counterclockwise. Since they are set on the shaft on a slant, they bear down on the water as they turn. The water is not solid like the wood, so the whirling blades push back a mass of it. This, however, rams up against the great mass of heavy water in the back, and this again makes the boat rebound or go in the opposite direction, which in this case, is straight ahead. The greater the power of the motor, giving faster movement to the rotating blades, the greater will be the speed of the boat.

★ ★ ★

**FOR YOU TO DO:** To help understand the principle, make yourself a little paper propeller. Cut the pattern shown in (1 out of heavy paper. Hold in center and give one blade a slight twist to right. Turn propeller a half circle and give the other blade a similar twist. Then mount on straightened paper clip and twist shaft to study action of blades.

# Flow Of Refugees From Cuba Expected To Resume Today

KEY WEST, Fla. (AP) — The flow of Cuban refugees across the Florida Straits was expected to resume in substantial numbers today.

"There is an indication that a large movement is starting," a U.S. Coast Guard spokesman reported.

Newly arrived refugees reported that more than 250 small boats manned by an estimated 800 persons was waiting in Camarioca harbor to bring out Cubans seeking exile in the United States.

"Many sleep on the floor because of the congestion," said Carlos Ortega of Miami, skipper of the Marianne, which reached Key West from Camarioca Wednesday night. "We got only rice and a little meat to eat."

The Marianne was the first vessel to reach Key West since bad weather halted the exodus early Tuesday. Ortega said he brought out 14 refugees.

Swiss diplomats, acting on behalf of the United States, speeded up negotiations in Havana for a more orderly method of bringing refugees to the United States. Sources close to the negotiations said the arrangements should be firmed up within a few days.

There had been speculation among exiles and officials that Cuban Prime Minister Fidel Castro had stopped the exodus.

Associated Press Havana correspondent Isaac Flores said Wednesday night that bad weather was the reason for the slowdown.

## Educator Claimed

WASHINGTON (AP) — Carter Davidson, 60, president of the Association of American Colleges, died Wednesday after he collapsed on a Washington street.

## Officers Are Elected By Troop At Midland

Election of officers highlighted the meeting of Midland Boy Scout Troop 415 Monday night in the Steelworkers Hall.

George Fennel is scoutmaster, assisted by James Green and Mario Ulizio.

Named were Ernest Winston, senior patrol leader; James Masters, assistant senior patrol leader; William Selepec, quartermaster; Tom Wood Jr., scribe, and James Ulizio, librarian.

John Liberatore was named leader and Joe Cellini assistant leader of the Panther Patrol and Jan Hastings leader and Ricky Hodge assistant of the Flaming Arrow Patrol.

Movies of past activities of the troop were screened by Ulizio.

To remove paper that has become stuck on wood, apply a few drops of oil on it and let soak in. Rub area with soft cloth, and paper will come off.

## Ashbrook Opposes China For U.N. Seat

WASHINGTON (AP) — Ohio Rep. John M. Ashbrook, ranking Republican on the House Foreign Affairs Committee, was one of two Congressmen and six Senators urging the Johnson Administration Wednesday to stand fast against any move to admit Communist China to the United Nations.

The eight, in a letter to Secretary of State Dean Rusk, said there is a "growing clamor" for admission of the Peiping regime to the U. N. It noted the administration's opposition to any such move ought to be made clear.

## Woman, 24, Is Killed When 2 Cars Collide

HURON, Ohio (AP)—A Berlin Heights woman was killed Wednesday when her auto collided with a car driven by George J. Irby of Sandusky. Dead is Susan L. Youskievicz, 24.

Her small foreign car was rammed into a utility pole and landed in a ditch off U.S. 6, east of here. Irby and his cousins, William, 19, and David, 17, were not seriously injured.

## Dies Of Heart Attack

WASHINGTON (AP)—James K. Fieser, 82, an Ohio native whose work with the Red Cross spanned two world wars, died Wednesday of a heart attack.

Fieser joined the American Red Cross staff in 1917 after working in social work in Indianapolis, Ind., and Columbus, Ohio. He became vice chairman in charge of domestic operations from 1922 to 1942 and executive vice chairman until his retirement in 1945. Fieser was a native of Ravenna, Ohio.

# Homeroom Mothers Attend McKinley School Luncheon

Homeroom mothers were guests during a luncheon Tuesday afternoon at the McKinley School.

The food was prepared and served by the social committee comprised of Mrs. Donald Skidmore, chairman, Mrs. Donald Maltarich, co-chairman, Mrs. Thomas Frederick and Mrs. George Crouch.

The buffet table was covered with a white cloth with an arrangement of orange chrysanthemums and harvest candles as a centerpiece. The individual tables were covered with white cloths and featured yellow bamboo place mats and orange tapers, encircled with fall flowers.

The invocation was given by Mrs. Harold Bricker, secretary.

Mrs. Skidmore introduced Mrs. Ruth Armstrong, principal, the social committee and each homeroom mother. The duties of the group were outlined and include serving refreshments for the parent - teacher meetings, helping with Christmas party, decorating and working at school carnival and making telephone calls.

The group will telephone registered voters reminding them to go to the polls on Nov. 2.

The homeroom mothers, with the teachers listed first, include: First grade, Mrs. Mildred Hawkins, Mrs. Howard Frontz, chairman, Mrs. Donald Doland and Mrs. Stanley Wilson.

Second and third grades, Mrs. Freda Toft, Mrs. Harry Simpson, chairman, Mrs. Arden Hartenbach and Mrs. Howard Barnhouse.

Second, Mrs. Beulah Jones, Mrs. Charles Linkous, chairman, Mrs. Andrew Wotring and Mrs. John Thompson.

Third, Mrs. Irma Larkins, Mrs. Willis Johnston, chairman, Mrs. Louis Gulutz and Mrs. Ray Fellows.

Fourth, Mrs. Donna Ferguson, Mrs. Robert Reed, chairman, Mrs. Ralph Burson and Mrs. Robert Corbett.

Fifth, Mrs. Hazel Neiser, Mrs. Paul Stanley, chairman, Mrs. William Johnson and Mrs. Robert Rice.

Sixth, Tony LaNeve, Mrs. Harry Watkin, chairman, Mrs. Lee Hyder and Mrs. William Och.

## 26 Political Leaders Arrested In Kashmir

SRINAGAR, Kashmir (AP)—Police today arrested 26 leaders of political groups working for Kashmir's independence from Indian rule.

With this latest police sweep, India now has detained most of the Kashmiri leaders who have led the anti-Indian demonstrations that have swept parts of the Himalayan state recently.

The arrests were expected to touch off fresh demonstrations in Srinagar, Kashmir's summer capital.

## Ohio Woman Killed In Car-Truck Crash

BATAVIA, Ohio (AP)—A car-truck accident Wednesday on Ohio 122 near here claimed the life of Mrs. Leona Chambers, 55, Batavia.

Police said Mrs. Chambers' car rounded a curve and was struck by a county highway department truck driven by Albert Lanhan, 49, New Richmond.

## Cincinnati Moves Against Glue Sniffing

CINCINNATI (AP) — City council has taken action to make glue sniffing illegal and to forbid sale of glues containing substances harmful or intoxicating when sniffed.

The city solicitor's office was asked to draw up such an ordinance Wednesday following increased use of the practice by young people in Cincinnati.

## Natural Causes Ruled

# Flow Of Refugees From Cuba Expected To Resume Today

KEY WEST, Fla. (AP) — The flow of Cuban refugees across the Florida Straits was expected to resume in substantial numbers today.

"There is an indication that a large movement is starting," a U.S. Coast Guard spokesman reported.

Newly arrived refugees reported that more than 250 small boats manned by an estimated 800 persons was waiting in Camarioca harbor to bring out Cubans seeking exile in the United States.

"Many sleep on the floor because of the congestion," said Carlos Ortega of Miami, skipper of the Marianne, which reached Key West from Camarioca Wednesday night. "We got only rice and a little meat to eat."

The Marianne was the first vessel to reach Key West since bad weather halted the exodus early Tuesday. Ortega said he brought out 14 refugees.

Swiss diplomats, acting on behalf of the United States, speeded up negotiations in Havana for a more orderly method of bringing refugees to the United States. Sources close to the negotiations said the arrangements should be firmed up within a few days.

There had been speculation among exiles and officials that Cuban Prime Minister Fidel Castro had stopped the exodus.

Associated Press Havana correspondent Isaac Flores said Wednesday night that bad weather was the reason for the slowdown.
